## California Department of Education School Accountability Report Card Reported Using Data from the 2013-14 School Year

Published During 2014-15

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- View this SARC online at the school and/or LEA Web sites.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

**School Facility Conditions and Planned Improvements - Most Recent Year**

RCOE special education classes are located throughout Riverside county on public school sites. Several of these sites were built in collaboration with RCOE where county building funds were utilized to build a portion of the school to be used by county classes. In school sites where county owned classrooms do not exist, the county rents the space per the Riverside County SELPA agreement. All of our schools sites are clean, safe, and functional. Custodial services are provided through a variety of means. Some are contracted through private vendors, some through the district and some are directly provided by RCOE staff. Repairs and maintenance services are completed in a timely manner at all locations. All sites are kept in good repair and working order.

**Professional Development – Most Recent Three Years**

---

The 2013-2014 school year began with an all staff training day which included a review of the 2012-2013 accomplishments and goals set for the coming year. Throughout the year follow up training in all of goal areas was provided through zone meetings as well as individual principal trainings. Each Wednesday staff was given a minimum a day. These Wednesdays provided staff training time which included Professional Learning Communities (PLC) one Wednesday a month. RCOE was the recipient of the National Professional Development Center's grant for staff development for teachers working with individuals with autism. Trainings on evidence based practices were held throughout the county and a model middle school class was established. This training and classroom is not only a support to RCOE teachers, but a support for teachers throughout the state.
