LEADERSHIP NETWORK
RIVERSIDE COUNTY

Today's school counselors are vital members of the educational team. The Riverside County School Counselor Leadership Network provides opportunities for counselors to create a high-performing culture that promotes college and career readiness. Join your colleagues in college and career professional development sessions at the fall counselor leadership network convening. In the spring, you will engage in relevant leadership development aimed at improving best practices in schools across our county. Administration will learn best practices on how to support counselors in implementing positive changes at their school and in their leadership role.
