Science Publisher's Fair

The Riverside County Office of Education is sponsoring a publisher's showcase of newly adopted science textbook instructional materials. This one-day fair will allow interested parties to preview all of the publisher's materials that support the California NGSS Framework. Attendees will have an opportunity to see the materials, as well as hear and ask questions from representatives of each of the publishers on the state-approved science adoption list. Districts are encouraged to send teams and adoption committees.

WHO SHOULD ATTEND: District office administrators, site administrators, curriculum leaders, assistant superintendents, directors of curriculum and instruction, science coaches, science teachers, and textbook adoption teams.
