

# RIVERSIDE COUNTY OFFICE OF EDUCATION

JUDY D. WHITE, Ed.D. | County Superintendent of Schools

## Licensed Child Care Facilities with Available Slots for Essential Workers

Riverside County has compiled resources to help essential workers, providers, and families navigate the child care landscape during the COVID-19 crisis. While the state has aggressively mobilized to slow the spread of COVID-19 through the Safer at Home order, many healthcare employees and essential workforce members still need child care to continue serving our communities in this time of need. **If you are an essential worker in need of child care services**, please reference the tables below to see which child care program has vacancies to accommodate your needs. Prior to contacting a child care program, please note vacancies are current as of April 3, 2020. Programs will provide information regarding their enrollment process.

[Essential workers are identified in Governor Newsom's Order here: Essential Worker Definition.](#)

[Read the Safer at Home order from Governor Newsom here.](#)

[Read the Riverside County Health Office Order explaining the mandatory operations for child care during COVID-19 here.](#)

According to Oliver's Law, please be advised that these are only referrals and not recommendations. As a parent, you have the right to obtain information about any substantiated or inconclusive complaints about a child care provider that you select for your child. That information is public and you can get it by calling the local licensing office. The telephone number is **(951)782-4200**, or by accessing the transparency website at:
