Gettysburg Leadership Experience

Travel to Gettysburg National Park, the Army War College, and the Center for Strategic International Studies in Washington, D.C. to learn leadership principles and lessons that have endured the test of time. Through guided study of the leadership challenges facing commanders in the biggest battle ever fought in our country, you will learn leadership lessons that have the potential to accelerate the success of your team and your organization today. This planned content will align perfectly with our scheduled trip to Gettysburg. If there was ever a time in our nation’s history that we can see the success and failures of leadership or the lack thereof during crisis, the Battle of Gettysburg/Civil War was that time.
