

PBIS/MTSS Individualized – Tier 3 Consultation

Intensive (Tier 3) PBIS systems and practices are designed for the small percentage of students who require more individualized support than what is provided through Universal (Tier 1) and Supplemental (Tier 2) PBIS practices. This training series supports teams with the systems necessary for implementing Tier 3 interventions, which are essential for addressing highly disruptive behaviors that create barriers to learning. Additionally, we will emphasize the importance of behavior support expertise and the collection of formal fidelity and outcome data to ensure effective and equitable support for all students. Most importantly, we will examine teaming structures, encouraging participants to select their Tier 3 Team Members carefully, as the knowledge base and function of the team is different from the Tier 1 and Tier 2 teams.

To participate, the School Administrator should complete the [Tier 3 Readiness & Commitment](#) form to register for PBIS Tier 3 Team Training. Please share/email the completed form to Denise Granger, RCOE PBIS Coordinator, at dgranger@rcoe.us.

FOCUS AREAS

- Tier 3 site readiness assessment and informal Tiered Fidelity Inventory (TFI) 3.0 walkthrough.
- Refining Tier 1 and Tier 2 foundations.
- Introducing Tier 3 individualized features.
- Integrating mental health and Social Emotional Learning (SEL).
- Building efficient teaming structures to include data-based decision making.
- Monitoring student progress and using data for action planning.
- Evaluating fidelity of implementation.

INTENDED AUDIENCE

The multi-disciplinary Tier 3 Team is responsible for identifying students in need of more individualized support, as well as designing and monitoring selected interventions and student progress. Tier 3 Teams should include administrators, behavior experts, and personnel actively providing Tier 3 support.

LCAP Priority: Engagement, Pupil Outcomes, Conditions of Learning

MTSS Domain: Whole Child, Administrative Leadership, Integrated Supports, Family and Community Engagement

Dimensions of Wellness: Social, Emotional, Occupational
