

**Material Revision Staff Report
CBK Charter School
June 9, 2026**

School Overview			
Charter Organization:	CBK Charter School	Current Grades Served:	9-12
District Boundary	Riverside County Office of Education	Current Authorized Grades:	9-12
Year Opened:	2013	Current Enrollment:	625
Current Term	2018	Proposed Material Revision:	June 30, 2026

I. Proposed Material Revision

CBK Charter School (formerly Come Back Kids Charter School) (“CBK” or “Charter School”) is a dependent charter school of the Riverside County Superintendent of Schools seeking a material revision to close two facility locations and open two facility locations within the jurisdictional boundaries of the Riverside County Board of Education and Riverside County Office of Education (“RCOE”). The “Corona CBK,” located at 3785 Neece Street, Corona, CA, will close, and the “Blythe CBK,” located at 811 W. Chanslor Way, Blythe, CA, will open. Additionally, the Material Revision proposes closing the “Hemet CBK,” located at 258 N. Thompson Street, Hemet, CA, and opening the “Desert Flow TAY Center” at 78-140 Calle Tampico, La Quinta, CA. The Blythe CBK is within the boundaries of Palo Verde Unified School District. The Desert Flow TAY Center is within the boundaries of Desert Sands Unified School District.

II. Options for Board Action

It is recommended that the Board take action to either grant or deny the proposed material revision to the current charter school petition. The Board has the following options:

1. Grant the material revision, to commence July 1, 2026, provided that the Memorandum of Understanding between the Charter School and RCOE is amended and/or the Petition is revised to address the findings and any

recommendations identified in the Staff Report prior to the date of commencement.

2. Deny the material revision to the current charter petition, adopting the findings identified in the Staff Report, as findings of fact supporting legal reasons for denial.

III. Chartering Authority Responsibility

The chartering authority is responsible for evaluating and determining the approval or denial for a proposed material revision of a charter school petition under its authority.¹ The Riverside County Board of Education (the "Board") holds the authority to assess whether the findings of fact outlined in the Staff Report by RCOE staff substantiate approval or denial, in accordance with the criteria set forth in Education Code Section 47605.

IV. Legal Parameters for Review

A charter school seeking to expand its operations to additional sites or grade levels concurrently with its renewal must request a material revision to its charter. Any material revision to the provisions of a charter requires approval from the chartering authority.

The procedures for reviewing and approving a material revision for a charter school are governed by the standards and criteria set forth in Education Code Section 47605. These procedures must include, but are not limited to, a reasonably comprehensive description of any new legal requirements enacted since the charter was originally granted or last renewed.

In evaluating a proposed material revision, the chartering authority will consider the following factors in determining whether to approve or deny the request:

- Whether the school presents an unsound educational program.
- Whether the petitioners are demonstrably unlikely to successfully implement the program set forth in the petition.
- Whether the petition does not contain an affirmation of each of the conditions described in Education Code Section 47605(e).

¹ Education Code Section 47607(a)(2)

- Whether the petition does not contain reasonably comprehensive descriptions for all of the elements.
- Whether the charter school is demonstrably unlikely to serve the interests of the entire community in which the school is proposing to locate.
- Whether the school district is not positioned to absorb the fiscal impact of the proposed charter school.

The scope of review for this material revision will be limited to the specific changes proposed and will not require a full reassessment of the petition. This Report only addresses the requested educational programming and facility changes identified in the Material Revision. All changes in the law that must be updated since the last approval of the Charter School’s petition are addressed in the Renewal Petition staff report, published by RCOE concurrently with this report.

V. Summary of Findings

Denial Reason #1

The charter school presents an unsound educational program for the pupils to be enrolled in the charter school:

Findings for Consideration	
No Findings Determined.	

Denial Reason #2

The petitioners are demonstrably unlikely to successfully implement the program set forth in the petition.

Area of Concern	Findings for Consideration
	No Findings Determined.

Denial Reason #3

The petition does not contain reasonably comprehensive descriptions for all of the required elements.

Area of Concern	Findings for Consideration
	No Findings Determined.

Denial Reason #4

The charter school is demonstrably unlikely to serve the interests of the entire community in which the school is proposing to locate.

Findings for Consideration
No Findings Determined.

Denial Reason #5

The school district is not positioned to absorb the fiscal impact of the proposed charter school.

Findings for Consideration
No Findings Determined.
