

# Are you interested in becoming a licensed family child care provider?

The California Child Care Initiative Project (CCIP) is a state-funded grant that will assist in increasing the number of licensed, quality family child care providers in Riverside County.

If you enjoy caring for young children and want to work from home, family child care could be a great career choice.

The program will include:

- Free trainings and support
- Review of your license application
- Pre-licensing visit
- Earn incentives such as books, toys, and curriculum kits
