

Board Adopted: 6/28/2022

RCOE Approval: 7/01/2022

# LOCAL CONTROL ACCOUNTABILITY PLAN (LCAP) 2022-2023

*Closing achievement gaps, promoting high expectations, and providing multiple opportunities for foster youth, low income, and English Learner students.*

## BOARD OF EDUCATION

Cleveland Johnson, President  
Susan Smith, Vice President  
Brandy Clark, Clerk  
Jesús M. Holguin, Member  
Ruth-Self Williams, Member

## SUPERINTENDENT OF SCHOOLS

Dr. Martinrex Kedziora

## EXECUTIVE CABINET

Dr. Esperanza Arce, Chief Academic Officer  
Susana Lopez, Chief Business Official  
Dr. Robert Verdi, Chief Human Resources Officer

## MISSION

The mission of the Moreno Valley Unified School District is to provide an equitable education for all students to be prepared for college and/or a viable career path for a successful life.

## VISION

To empower students to become future ready and positively impact the world.

## LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Moreno Valley Unified School District (MVUSD)

CDS Code: 33-67124-6032320

School Year: 2022-23

LEA contact information:

Dr. Martinrex Kedziora

Superintendent of Schools

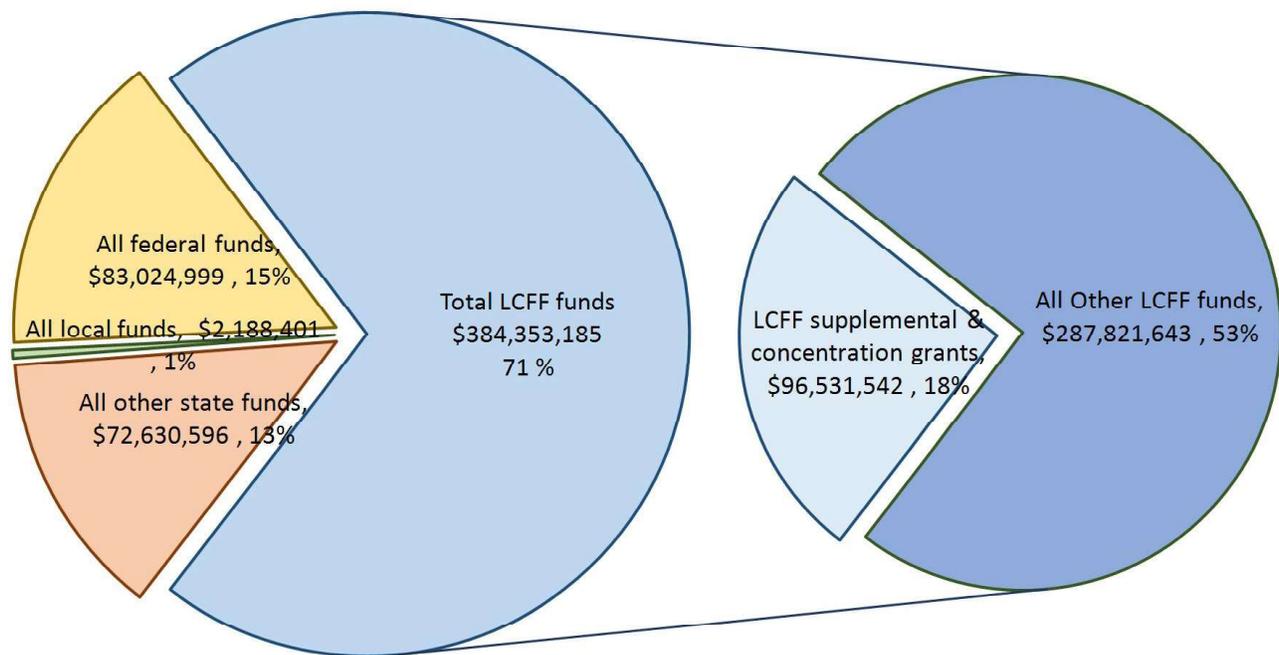

[mkedziora@mvusd.net](mailto:mkedziora@mvusd.net)

951-571-7500

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

## Budget Overview for the 2022-23 School Year

## Projected Revenue by Fund Source

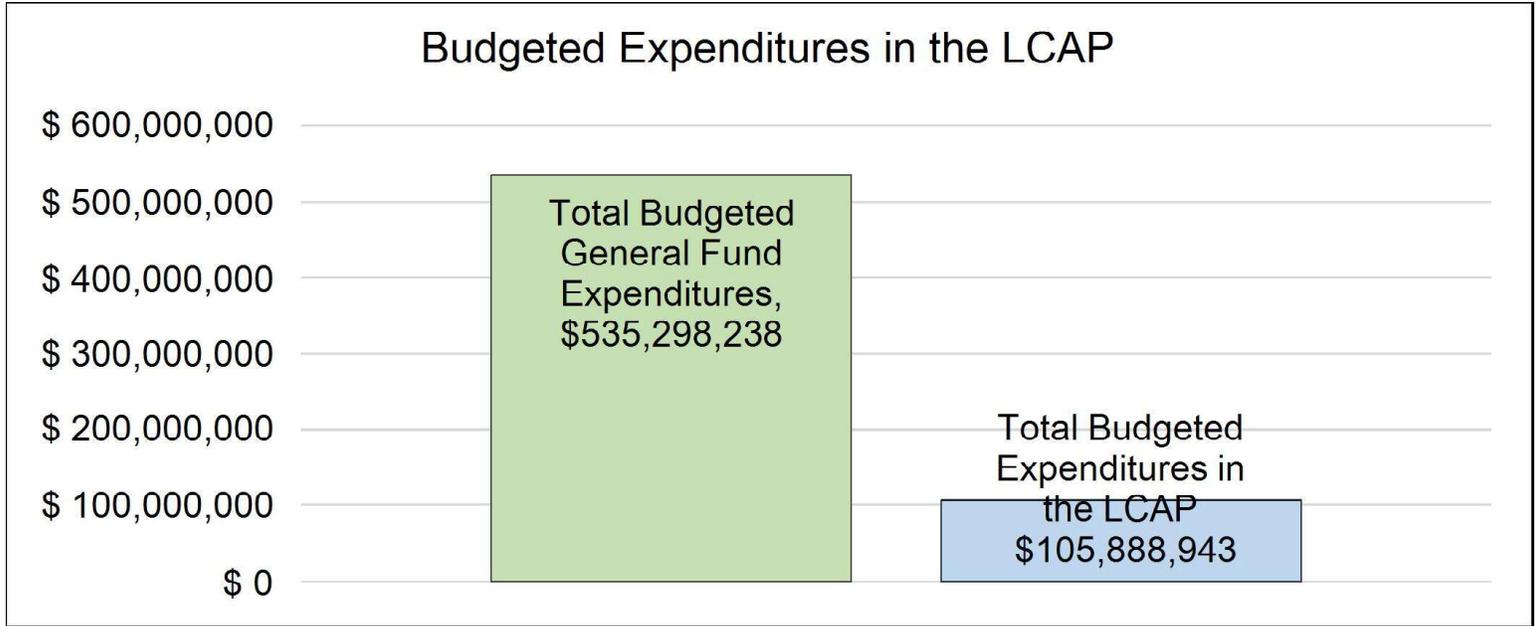

This chart shows the total general purpose revenue Moreno Valley Unified School District (MVUSD) expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Moreno Valley Unified School District (MVUSD) is \$542,197,181, of which \$384,353,185 is Local Control Funding Formula (LCFF), \$72,630,596 is other state funds, \$2,188,401 is local funds, and \$83,024,999 is federal funds. Of the \$384,353,185 in LCFF Funds, \$96,531,542 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

# LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Moreno Valley Unified School District (MVUSD) plans to spend for 2022-23. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Moreno Valley Unified School District (MVUSD) plans to spend \$535,298,238 for the 2022-23 school year. Of that amount, \$105,888,943 is tied to actions/services in the LCAP and \$438,766,696 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

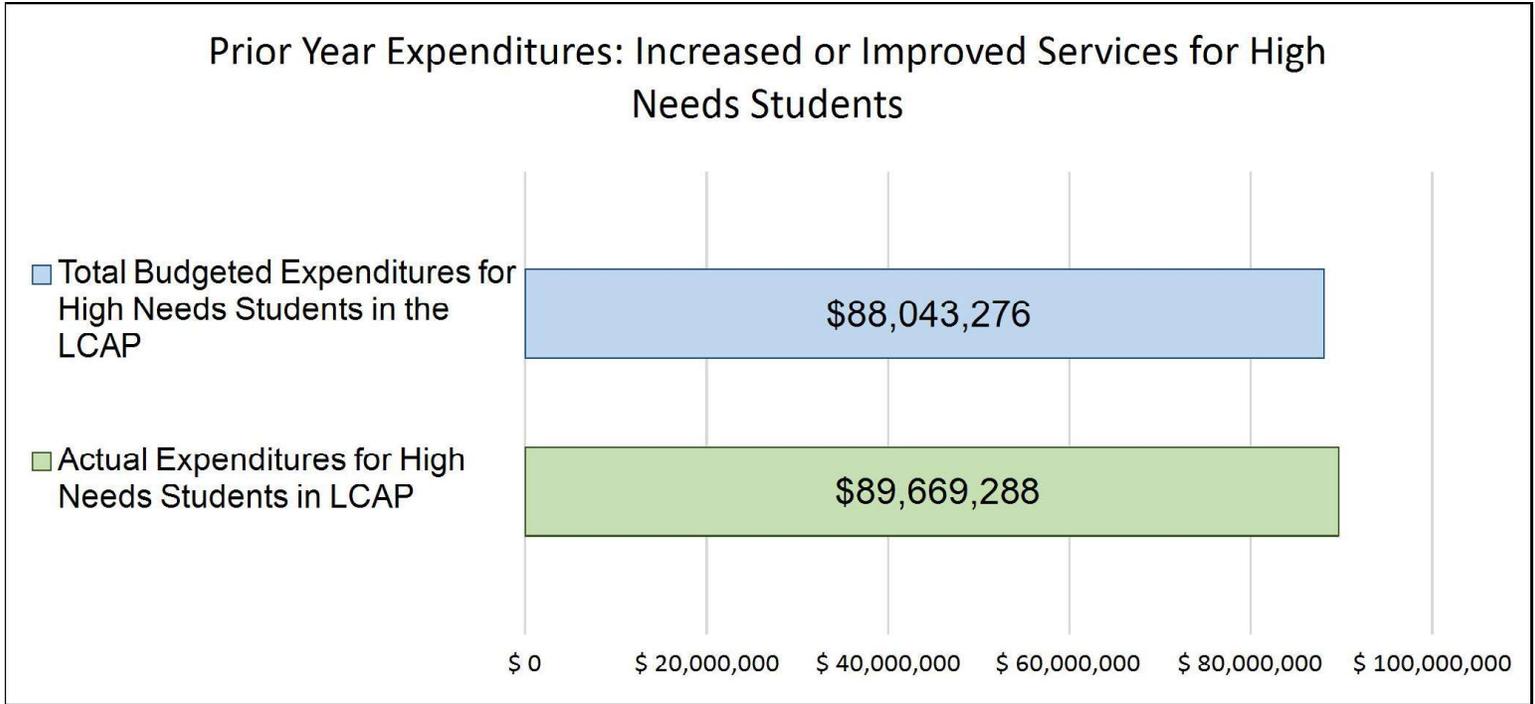

General Fund expenditures that are not included in the LCAP include salary and benefit costs for employees including teachers, administrators, secretaries, custodians, and other site support staff. The budget also includes operating expenditures such as utilities, capital project expenditures, and materials and supply expenditures to operate the school district.

## Increased or Improved Services for High Needs Students in the LCAP for the 2022-23 School Year

In 2022-23, Moreno Valley Unified School District (MVUSD) is projecting it will receive \$96,531,542 based on the enrollment of foster youth, English learner, and low-income students. Moreno Valley Unified School District (MVUSD) must describe how it intends to increase or improve services for high needs students in the LCAP. Moreno Valley Unified School District (MVUSD) plans to spend \$104,129,798 towards meeting this requirement, as described in the LCAP.

# LCFF Budget Overview for Parents

## Update on Increased or Improved Services for High Needs Students in 2021-22

This chart compares what Moreno Valley Unified School District (MVUSD) budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Moreno Valley Unified School District (MVUSD) estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2021-22, Moreno Valley Unified School District (MVUSD)'s LCAP budgeted \$88,043,276 for planned actions to increase or improve services for high needs students. Moreno Valley Unified School District (MVUSD) actually spent \$89,669,288 for actions to increase or improve services for high needs students in 2021-22.

Due to the impact of COVID the district was unable to fill many positions to increase the staffing at school sites. The district was also impeded by the substitute shortage caused by the number of staff who experienced COVID and attendance was highly impacted by the number of students who were quarantined due to having COVID themselves or being exposed to someone with COVID.

# Supplement to the Annual Update to the 2021–22 Local Control and Accountability Plan

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Moreno Valley Unified School District (MVUSD)	Dr. Martinrex Kedziora Superintendent of Schools	mkedziora@mvusd.net 951-768-8686

California’s 2021–22 Budget Act, the federal American Rescue Plan Act of 2021, and other state and federal relief acts have provided local educational agencies (LEAs) with a significant increase in funding to support students, teachers, staff, and their communities in recovering from the COVID-19 pandemic and to address the impacts of distance learning on students. The following is a one-time mid-year report to the local governing board or body and educational partners related to engagement on, and implementation of, these Acts.

A description of how and when the LEA engaged, or plans to engage, its educational partners on the use of funds provided through the Budget Act of 2021 that were not included in the 2020–21 Local Control and Accountability Plan (LCAP).

A presentation including descriptions and purpose of the funding and allocated amounts and accompanying survey was developed to seek input from stakeholders regarding the following funds:

- Educator Effectiveness Funds
- A-G Completion Improvement Grant
- Concentration Grant
- Expanded Learning Opportunities Program
- ESSER III

Information was shared and Input was solicited from the following stakeholders.

- Board of Education
- Moreno Valley Educators Association (MVEA) Executive Board August 26, 2021 and October 21, 2021
- LCAP Stakeholder Group which includes: students, parents, principals, community members - September 27, 2021

Principals Meeting - October 5, 2021

CAMM- CSEA-representing classified staff, AMVMP-representing all management personnel, MVEA representing the teachers, and Superintendent's Cabinet. Meeting's primary role is to meet monthly to discuss the district, how the superintendent shares with employee groups what is going on and employee groups share information regarding how to support the district strategic plan and LCAP. October 25, 2021 and December 6, 2021

Superintendent's Communication to parents and staff on September 17, 2021, September 21, 2021, September 23, 2021, October 12, 2021, October 15, 2021 and October 19, 2021

District English Learner Advisory Committee (DELAC),

African American Parent Advisory Council (AAPAC), African American Advisory Council (AAAC), October 21, 2021

California School Employees Association (CSEA), Dec 8, 2022

Local Control Accountability Plan Student Advisory Group, October 20, 2021

Members, and community at large which include students, parents, and community partners in the district. All these stakeholder groups participated in the development of this plan through surveys, meetings, presentations, and discussions at the site and district levels. Their input provided direction and a collective voice in determining the strategies and supports that would positively impact low-income students, English learners, foster youth, homeless students, students with disabilities, and students who are below grade level.

The presentation and survey were also provided on social media including, Twitter, Facebook, and the district website

A description of how the LEA used, or plans to use, the additional concentration grant add-on funding it received to increase the number of staff who provide direct services to students on school campuses with an enrollment of students who are low-income, English learners, and/or foster youth that is greater than 55 percent.

All schools in MVUSD have an enrollment of unduplicated students that is greater than 55%

Concentration funds were used for additional certificated FTE's to have lower class sizes. Additional FTE's are also being allocated for instructional assistants, CSA's, CSO's, counselors, social workers, professional development specialists, and assistant principals who provide direct services to students at all schools.

A description of how and when the LEA engaged its educational partners on the use of one-time federal funds received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on pupils.

MVUSD engaged its educational partners throughout the LCAP development process. A description of how and when MVUSD engaged its education partners can be found in the following expenditure plans which are posted on the district website.

Learning Continuity and Attendance Plan posted here <https://4.files.edl.io/3bd5/10/20/20/232203-f5b7f84f-5c94-4b98-b6a3-6f37fae3601a.pdf>

Expanded Learning Opportunity Grant Plan posted here [https://www.mvUSD.net/apps/pages/index.jsp?uREC\\_ID=789470&type=d&pREC\\_ID=2285985](https://www.mvUSD.net/apps/pages/index.jsp?uREC_ID=789470&type=d&pREC_ID=2285985)

ESSER III Plan posted here [https://www.mvUSD.net/apps/pages/index.jsp?uREC\\_ID=789470&type=d&pREC\\_ID=2285981](https://www.mvUSD.net/apps/pages/index.jsp?uREC_ID=789470&type=d&pREC_ID=2285981)

COVID-19 Prevention Plan <https://www.mvUSD.net/apps/pages/covid19>

A description of how the LEA is implementing the federal American Rescue Plan Act and federal Elementary and Secondary School Emergency Relief expenditure plan, and the successes and challenges experienced during implementation.

A description of how the LEA is using its fiscal resources received for the 2021–22 school year in a manner that is consistent with the applicable plans and is aligned with the LEA’s 2021–22 LCAP and Annual Update.

LCAP, Safe Return to In-Person Instruction & Continuity of Services, ESSER III Expenditure Plans are all consistently aligned to each other as well as to the District’s Strategic Plan which provides the framework of the District Adopted Budget. The LCAP provides the district focus and other plans are aligned with the LCAP. Examples of how these additional funds are aligned are:

LCAP Goal 1 Promote academic growth for every student  
Purchasing additional technology infrastructure, and access to technology  
ESSER III provides additional counseling support

Expanded Learning Opportunities Grant provides opportunities for supplemental instruction to ensure academic success. ELO funds will be utilized for the facilitation of a comprehensive and engaging summer learning program by creating small class sizes, multiple sessions, and additional academic support. These smaller class sizes combined with the robust 24/7 tutoring and summer expanded learning sessions work together to support students to accelerate learning.

Safe Return to In person instruction provided additional supports to students to minimize the loss of instructional time

LCAP Goal 2 Establish college and career readiness for every student  
Implementing additional CTE Pathways and providing additional materials and resources to support students and teachers in CTE.  
Providing materials and equipment for STEAM

Expanded Learning Opportunity Grant provides training for school staff on strategies to engage students and families in addressing students' social-emotional health and academic needs

LCAP Goal 3 Ensure equitable opportunities for every student

Educator Effectiveness Grant provides professional development to support at risk students including foster, low income and English Learner

Expanded Learning Opportunities Grant provides access and opportunities for students in areas such as eSports, athletics and academics, extended learning time, interventions, support for credit deficient students  
Providing additional materials and equipment for athletics  
Providing additional counselor support  
Broaden VAPA program offering

LCAP Goal 4 Provide a safe, welcoming, respectful and rigorous learning environment for every member of the school community  
Develop and implement Wellness Rooms at all school sites

ESSER III grant and COVID 19 Prevention Plan provides additional nurses, COVID testing and contact tracing to ensure students are safe and healthy

Concentration grant provides additional funding for Campus Support Aides (CSAs) and Campus Security Officers (CSO)s to ensure a positive learning environment and ensure student safety. It also provides additional custodians to ensure schools are cleaned appropriately to minimize the impact of COVID and additional staff to provide supports at school sites

# Instructions for the Supplement to the Annual Update for the 2021–22 Local Control and Accountability Plan Year

*For additional questions or technical assistance related to the completion of the Supplement to the Annual Update to the 2021–22 Local Control and Accountability Plan (LCAP), please contact the local county office of education (COE), or the California Department of Education’s (CDE’s) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [lcff@cde.ca.gov](mailto:lcff@cde.ca.gov).*

## Introduction

California’s 2021–22 Budget Act, the federal American Rescue Plan Act of 2021, and other state and federal relief acts have provided local educational agencies (LEAs) with a significant increase in funding to support students, teachers, staff, and their communities in recovering from the COVID-19 pandemic and to address the impacts of distance learning on students. Section 124(e) of Assembly Bill 130 requires LEAs to present an update on the Annual Update to the 2021–22 LCAP and Budget Overview for Parents on or before February 28, 2022, at a regularly scheduled meeting of the governing board or body of the LEA. At this meeting, the LEA must include all of the following:

- The Supplement to the Annual Update for the 2021–22 LCAP (2021–22 Supplement);
- All available mid-year outcome data related to metrics identified in the 2021–22 LCAP; and
- Mid-year expenditure and implementation data on all actions identified in the 2021–22 LCAP.

When reporting available mid-year outcome, expenditure, and implementation data, LEAs have flexibility to provide this information as best suits the local context, provided that it is succinct and contains a level of detail that is meaningful and accessible for the LEA’s educational partners.

The 2021–22 Supplement is considered part of the 2022–23 LCAP for the purposes of adoption, review, and approval, and must be included with the LCAP as follows:

- The 2022–23 Budget Overview for Parents
- The 2021–22 Supplement
- The 2022–23 LCAP
- The Action Tables for the 2022–23 LCAP
- The Instructions for the LCAP Template

As such, the 2021–22 Supplement will be submitted for review and approval as part of the LEA’s 2022–23 LCAP.

## Instructions

Respond to the following prompts, as required. In responding to these prompts, LEAs must, to the greatest extent practicable, provide succinct responses that contain a level of detail that will be meaningful and accessible for the LEA’s educational partners and the broader public and

must, to the greatest extent practicable, use language that is understandable and accessible to parents.

In responding to these prompts, the LEA has flexibility to reference information provided in other planning documents. An LEA that chooses to reference information provided in other planning documents must identify the plan(s) being referenced, where the plan(s) are located (such as a link to a web page), and where in the plan the information being referenced may be found.

**Prompt 1:** “A description of how and when the LEA engaged, or plans to engage, its educational partners on the use of funds provided through the Budget Act of 2021 that were not included in the 2020–21 Local Control and Accountability Plan (LCAP).”

In general, LEAs have flexibility in deciding what funds are included in the LCAP and to what extent those funds are included. If the LEA received funding through the Budget Act of 2021 that it would have typically included within its LCAP, identify the funds provided in the Budget Act of 2021 that were not included in the LCAP and provide a description of how the LEA has engaged its educational partners on the use of funds. If an LEA included the applicable funds in its adopted 2021–22 LCAP, provide this explanation.

**Prompt 2:** “A description of how LEA used, or plans to use, the concentration grant add-on funding it received to increase the number of staff who provide direct services to students on school campuses with an enrollment of students who are low-income, English learners, and/or foster youth that is greater than 55 percent.”

If LEA does not receive a concentration grant or the concentration grant add-on, provide this explanation.

Describe how the LEA is using, or plans to use, the concentration grant add-on funds received consistent with California Education Code Section 42238.02, as amended, to increase the number of certificated staff, classified staff, or both, including custodial staff, who provide direct services to students on school campuses with greater than 55 percent unduplicated pupil enrollment, as compared to schools with an enrollment of unduplicated students that is equal to or less than 55 percent.

In the event that the additional concentration grant add-on is not sufficient to increase the number of staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, describe how the LEA is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

**Prompt 3:** “A description of how and when the LEA engaged its educational partners on the use of one-time federal funds received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on pupils.”

If the LEA did not receive one-time federal funding to support recovery from the COVID-19 pandemic and the impacts of distance learning on students, provide this explanation.

Describe how and when the LEA engaged its educational partners on the use of one-time federal funds it received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on students. See the COVID-19 Relief Funding Summary Sheet web page (<https://www.cde.ca.gov/fg/cr/reliefunds.asp>) for a listing of COVID-19 relief funding and the Federal Stimulus Funding web page

(<https://www.cde.ca.gov/fg/cr/>) for additional information on these funds. The LEA is not required to describe engagement that has taken place related to state funds.

**Prompt 4:** “A description of how the LEA is implementing the federal American Rescue Plan Act and federal Elementary and Secondary School Emergency Relief expenditure plan, and the successes and challenges experienced during implementation.”

If an LEA does not receive ESSER III funding, provide this explanation.

Describe the LEA’s implementation of its efforts to maintain the health and safety of students, educators, and other staff and ensure the continuity of services, as required by the federal American Rescue Plan Act of 2021, and its implementation of the federal Elementary and Secondary School Emergency Relief (ESSER) expenditure plan to date, including successes and challenges.

**Prompt 5:** “A description of how the LEA is using its fiscal resources received for the 2021–22 school year in a manner that is consistent with the applicable plans and is aligned with the LEA’s 2021–22 LCAP and Annual Update.”

Summarize how the LEA is using its fiscal resources received for the 2021–22 school year to implement the requirements of applicable plans in a manner that is aligned with the LEA’s 2021–22 LCAP. For purposes of responding to this prompt, “applicable plans” include the Safe Return to In-Person Instruction and Continuity of Services Plan and the ESSER III Expenditure Plan.

California Department of Education  
November 2021

# Local Control Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Moreno Valley Unified School District (MVUSD)	Dr. Martinrex Kedziora Superintendent of Schools	lbroomfield@mvusd.net 951-571-7500

## Plan Summary [2022-23]

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Moreno Valley Unified School District is the third largest school district in Riverside County, Educating more than 31,600 students in grades TK-12. It includes Moreno Valley, a small portion of Riverside, and parts of unincorporated Riverside County.

Student ethnicity is 74.3% Hispanic, 12.6% African American, 6.0% Caucasian, 1.3% Asian, and 5.8% other. The district is comprised of 77.9% Free and Reduced lunch, and 19.9% English Learners

- Moreno Valley Unified School District is comprised of 43 schools and specialized programs.
- There are 23 elementary schools, 6 middle schools, 4 comprehensive high schools, and 9 specialized schools and/or or programs.
- The district employs close to 4,000 employees including 1682 certificated staff, 1856 classified staff, and 179 management staff. It is the 2nd largest employer in Moreno Valley.
- All of the schools in the district are classified as Schoolwide Title I schools.

Moreno Valley Unified School District takes pride in serving and meeting the needs of all of our students through a comprehensive program that includes both academics and extra-curricular programs.

Reasons for our students, parents, and employees to be proud include:

- The total graduation rate for 2020-2021 was an impressive 91%. This rate continues to exceed county and state averages.
- Our 2021 graduation class of more than 2,344 students proudly earned at least \$164,176,288 in grants and scholarships for college.
- The college-going rate for the 2020-2021 school year was 50%. Additionally, 28.3% of graduates became the first in their immediate family to attend college.
- Four of our high schools were named U.S. News and World Report 2021 Best High Schools!
- MVUSD is recognized as a National Schools to Watch District, becoming one of only twenty districts in the nation with the designation. All six middle schools are designated as Schools to Watch.
- Seventeen schools earned California Pivotal Practice Awards in 2022.
- Winner of 14 CSBA Golden Bell Awards, most recently for the Anti-Bullying club at Canyon Springs High School.
- Moreno Valley Unified School District selected as one of three districts across the nation to be named an ISTE Distinguished District.
- The National Postsecondary Institute (NPSI) and Reach Higher announced the Moreno Valley Unified School District as one of six recipients of the first ever Power of Hope Award.
- Twelve schools are California Gold Ribbon Schools; 1 school is a California Distinguished School.
- Winner of four federal i3 (Investing in Innovation) grants totaling approximately \$10 million in additional funds for professional development, curriculum, and assessment.
- “Guaranteed Admission” agreement with Cal State San Bernardino for qualified MVUSD graduates.
- Advanced Placement Medium-sized 2019 District of the Year.
- 24 Career Technical Education (CTE) high school pathway programs.
- Specialized programs, including Moreno Valley Online Academy (MVOA); Graduation Opportunity (GO) STEAM pathways (North Ridge Elementary, Palm Middle, Valley View High Schools), (Edgemont Elementary, Sunnymead Middle, Moreno Valley High Schools); Computer Science Immersion School (North Ridge Elementary School); STEAM Upward Bound Academy (Vista del Lago High School/Moreno Valley College); 10 elementary AVID programs; district-wide GATE expansion.
- Canyon Springs High School’s Business Academy has been named a 2019-2020 California Partnership Academies Distinguished Academy, one of only ten in the state to receive this honor.
- Three schools (Moreno Valley HS, Vista Heights MS, Valley View HS) named 21st Century Exemplar Programs.
- Full-day transitional kindergarten and kindergarten offered at elementary schools.
- International Baccalaureate programs at Canyon Springs High School and Vista Heights Middle School.
- Dual-language immersion program at Armada, Butterfield, Cloverdale, Creekside, Honey Hollow, Sunnymead Elementary Schools, Badger Springs, Mountain View, and Sunnymead Middle Schools.
- Parent Ambassador program to help build stronger school communities at all levels.
- \$398 million Measure M construction bond overwhelmingly supported with a 64% yes vote.

- Valley View High School is one of only 232 schools to be recognized by the College Board for achieving this important result in Computer Science-A, earning the school an AP Computer Science Female Diversity Award.
- The College Board has recognized Valley View High School with the AP® Computer Science Female Diversity Award for expanding young women’s access to AP Computer Science A (CSA). This award acknowledges 1,119 schools for their work toward equal gender representation during the 2019-20 school year—nearly 37 percent more than the 818 schools recognized last year.
- In April 2021, the school received the California Exemplary Arts Education (EAE) Award. The California Exemplary Arts Education (EAE) Award honors California public schools that offer high-quality, sequential course offerings in arts and arts, media and entertainment (AME) career technical education (CTE) to all students.
- Three comprehensive high schools - Canyon Springs High School, Moreno Valley High School and Valley View High School - are implementing the AP Capstone™ Diploma program. It is an innovative program that allows students to develop the skills that matter most for college success, such as research, collaboration, and communication.
- Five elementary schools in the district now offer a 6th grade option for families interested
- The Moreno Valley Unified School District was selected to receive the 2022 California Pivotal Practice (CAPP) Award Program, along with 17 of its schools .

## Reflections: Successes

A description of successes and/or progress based on a review of the California School Dashboard (Dashboard) and local data.

Our district is most proud of the increase in our graduation rate. MVUSD has experienced an eleven-year upward trend that has resulted in more than a 21% gain. Our district graduation rate is now 91.1% an increase of 0.3% which is higher than the state rate of 87.7%. We're making tremendous gains and also closing the achievement gap. Our Hispanic graduation rate is 91.0%, African American graduation rate is 90.2%, White graduation rate is 89.0% and Asian graduation rate is 100.0%.

Three of our four comprehensive high school's graduation rate is over 90% and we are extremely proud of the progress made district wide. All of the components of our LCAP have been developed and aligned to our district mission statement. and strategic plan

Results from 2019 Dashboard data reflect for graduation two areas of blue (the highest level), three areas in which overall performance is green, and one area of yellow.

The mission of Moreno Valley Unified School District is to ensure all students graduate high school prepared to successfully enter into higher education and/or pursue a viable career path.

In order to build upon and continue the upward trend of our graduation rate, our district is partnering with the Riverside Office of Education to participate in the Transcript Audit Process. The Transcript Audit identifies gaps in our high school programs curriculum design to ensure students are able to take the appropriate classes not only to ensure graduation but also to ensure they are A to G compliant and able to apply to and enroll in either a UC or CSU college.

In addition, our district has designed reports that will show students' progress towards graduation that will be reviewed by our Chief Academic Officer and principals periodically throughout the year. These reports are designed to inform instruction and allow for interventions and support to be put in place as soon as possible.

Ongoing training for our principals and other staff is provided throughout the school year. An emphasis on clean data is fostered by our Superintendent and Chief Academic Officer. District staff participate in the CALPADS network meetings hosted by RCOE.

Our efforts to increase our graduation rate are why we are focused on providing programs to ensure our students stay engaged and connected to school. We have increased our funding for extracurricular and academic programs to increase the connectivity of our students. Increased funding has been provided through our LCAP for: Athletics, Visual and Performing Arts, AVID, Tutoring, Mentoring, JROTC, IB, History Day, Science Fair, Mock Trial, Academic Decathlon and others.

One of the most important areas of focus for graduation are our parent advisory councils. The district is focused on empowering our parents to be active partners in our efforts through our CAC Advisory for parents of students with disabilities, AAPAC our advisory for parents of African American Students, our DELAC for parents of English Learners, and through the use of our Parent Ambassadors who assist in providing information to parents regarding important issues. In addition to our advisory groups is the planning and hosting of successful activities such as our Foster Youth Summit, and our Resource Fair which provides students with items such as shoes, backpacks and supplies for those in need.

Every student at risk of not graduating is looked on as a name attached to a student and not as a number.

Our efforts in support of decreasing our proportionality are at the fore front of our district mission.

Utilizing a cohort design All of our schools have participated in PBIS training and are provided support.

The College and Career Readiness Department has worked extensively to ensure consistent progress with Career Technical Education (CTE) and College Readiness across the district to support all student groups. Course offerings within Career Technical Education have increased to 24 pathways across the district including the industry sectors most viable in our area. The alignment of course curriculum is comprehensive and includes Career Technical Education (CTE) industry sector standards, common core state standards, college and career readiness standards and in many cases include industry recognized certifications and industry standards. The district has monitored and realigned the concentrator and capstone (completer) courses to reflect complete pathways and to better track student progress toward pathway completion.

## Reflections: Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Reporting of performance indicators in the CA School Dashboard for the 2020 and 2021 were suspended by AB 130 and SB 98, respectively. Thus areas in need of significant improvement are based on local data, NWEA MAP Spring Administration. An analysis of the data showed that 44% of students scored at or above average in English Language Arts and 34% of students scored at or above average in mathematics. Along with a review of the student group data, the district identified that English-Language Arts and mathematics continue to be areas in need of significant improvement.

A review of the graduation rate data showed that the rate for Foster Youth was 56.3% and for Students With Disabilities was at 75.6%. This data clearly shows that Foster Youth and Students with disabilities continues to be an area in need of significant improvement.

The following Action Plans are in place to address the deficiencies in Math and ELA performance

- Professional Learning Communities in the area of Mathematics
- Realigning math services and supports in our MTSS plan
- Professional Development
- Family Math Nights/Training
- STEAM Activities
- Literacy Nights
- CAASPP Prep
- In-Class Teacher Coaching
- Site specific services and supports as outlined in SPSA plans
- After school tutoring
- Virtual Tutoring for all students in grades 3-12
- In person tutoring for primary students
- Hiring of Assistant Administrators for Instructional Improvement and Coaching (AIIAC) for all schools previously identified as Program Improvement Year 5. This position was designed to monitor academic interventions
- Online test preparation program (SCHMOOP)

- The focus of principal walkthroughs is math

To address areas of deficiency in English Learner Performance the following Action Plans are in place

- Teachers participate in frequent professional development (PD) for full implementation of designated ELD instructional materials provided by curriculum experts. PD has expanded to include the observation and coaching model where the expert observes on day one and provides follow-up feedback and training on day 2. Cycle repeats once per quarter. This observation and coaching model was in place during in-person instruction and will resume once schools are fully open and providing in-person instruction. Additionally, Dual Language Immersion is currently being provided at Six (6) elementary, two (2) traditional middle schools, and one (1) high school site for 2022-2023 sites as the model of choice for ELs. Approximately 400 EL students are currently placed in Designated ELD in the DLI setting. Additionally, all DLI sites are equipped with Spanish and English libraries.
- Elementary sites use Language Power and/or Project Moving Forward as the curricular anchors for Designated ELD
- Middle and high schools use English 3D as the curricular anchor for At Risk and Long Term English Learners
- Imagine Learning Licenses are assigned to every EL at every elementary site
- Rosetta Stone is available for Newcomers at the secondary level
- Lexia is available for Newcomer at the elementary level
- FEV online tutoring is available to ALL English Learners in grades 3-12
- All English Learners are monitored twice per year using the ELLevation Monitoring platform
- All R-FEP students are monitored twice per year for four years using the ELLevation Monitoring platform
- In the 2022-2023 school year, an additional EL Program Specialist will be hired to lead data chats and interventions with all struggling ELs

To address the area of need regarding College and Career Readiness for African American students the following steps are being taken:

- Transcript analysis is conducted at both the middle and high school levels after every semester to identify student groups that are not meeting graduation and/or A-G requirements and school sites implement action plans based upon those results.
- A Junior Scholars program was implemented at the middle school level and a Scholars programs was implemented at the high school level to identify, support & challenge students.
- Tutoring is available regularly through school staff, FEV Tutoring and Paper Tutoring.
- A Middle School CTE Fair was started to introduce our CTE pathways at an earlier age and provide information on completing CTE pathways.
- Our CTE pathways are expanding representing 11 Industry Sectors to include Technical Theater, Culinary Arts, and Cosmetology

- Our International Baccalaureate high school is implementing the BARR program to support identified students.
  - We collaborate monthly with Moreno Valley College regarding our dual enrollment courses to strengthen what we offer and support teachers and students in those courses.
- 9 Elementary Sites and 6 Secondary Sites Implement AVID Strategies and are certified
- AP Testing is covered for every student
- PSAT is Administered District Wide in 8th, 10th & 11th Grades; SAT is Administered District wide in 12th Grade
- Students develop 7 year plans through the implementation of California Colleges Guidance Initiative (CCGI)
- College Network Seminar was held to allow students to connect with former District Alumni and College representatives to support transition College or University

To address areas of deficiency in Chronic Absenteeism and attendance

- 2 District Social Workers
- Ongoing Equity Training
- A2 Attendance Program
- Attendance Incentives Program in Partnership with Horace Mann Community Partner who awards each school a bicycle to reward students for good attendance
- PBIS program
- Maintaining four Behavior Support Specialist District Wide
- Development of Equity Action Plan for each school
- Full time counselor at every elementary school
- Equity Coaching for Principals
- Review of all suspensions by CWA Department
- 3 Attendance Specialist
- Partnership with local universities for Social Work Interns to students and parents with attendance issues and supports for families.

# LCAP Highlights

A brief overview of the LCAP, including any key features that should be emphasized.

MVUSD created an LCAP plan that expands services and support for students beginning in the 2022--2023 school year.

Highlights are provided for:

## 1. Esports

Scholastic Esports is a new program that spans across all MVUSD middle and high schools, along with four elementary schools. The mission of the program is to provide equity and access to both casual and competitive gameplay in a positive, supervised environment. Doing so, connects participating students to 16 college and career related fields, like journalism, fandom art, entrepreneurship, web design, and content streaming. High school students can letter in CIF Esports, and potentially earn scholarships to colleges like UC Irvine and CSU Dominguez Hills. Moreover, gaming is a fun and exciting outlet for the students of MVUSD.

## 2. African American Parent Advisory Council (AAAC)

According to an African proverb, “it takes a village to raise a child.” The village is comprised of various educational partners, parents, families, teachers, administrators, and community members and organizations. Each stakeholder has different, but interrelated roles that are integral to the effective schooling of children. The village concept is especially vital when addressing the varying educational needs of culturally diverse students and their families. Recognizing the importance of parental and community involvement in the education of children, the National Education Association Policy Brief (2008) states that “the whole community has an essential role to play in the growth and development of its young people. In addition to the vital role that parents and family members play in a child’s education, the broader community too has a responsibility to assure high quality education for all students” (NEA, 2008, p. 1).

The African-American Advisory Council (AAAC) is a collaborative effort between key stakeholders and is committed to creating a “safe learning environments that meet the cultural, academic, and socioemotional needs of all students.” The AAAC brings stakeholders of the village together to establish strong partnerships to implement strategies which more effectively engage and support the unique social, educational, emotional, and cultural needs of African-American students.

The purpose of the AAAC is to involve and engage parents, families, students, educators, and community members in the decision making process at the local, district and regional level to improve the quality of education for African-American students by raising the level of awareness in our community about cultural learning differences and promoting an understanding among parents, educators, and others about culturally sensitive issues relating to the education of African-American students.

AAAC is committed to ensuring that all students achieve

- Engage, equip, and Empower parents to advocate for their academic success of their child
- Expand and improve the educational opportunities for African American students

- Ensure academic success through high expectation, rigorous and challenging curricular and instruction
- Encourage success in the regular school program through a collaborative decision-making process within the district, school level and community

### 3. Social Workers

Each secondary school will have a 1.0 FTE social worker to address the social and emotional needs of students at each site. The Coordinator of Child Welfare and Attendance will work with the social workers to develop a menu of services through the MVUSD Multi-Tiered System of Support. Social Workers will act as a liaison to staff and administration, maintaining open communication channels with all school staff and administrators to provide support and advocacy for all staff supporting and advocating for students. Social workers will impact outcomes of underperforming students or students experiencing risk factors by facilitating collaborative review of factors impacting outcomes for students including academics, truancy, discipline, and alcohol, tobacco, and other drug (ATOD) use trends. Social Workers work with Student Services to provide and expand positive behavioral, social/emotional, and mental health resources for middle and high school students and families and to ensure articulation of support. Social workers address barriers to achievement, attendance, and mental health by connecting families with District and community resources.

### 4. Asterisk

Accelerating Success Through Employment, Responsibility, Inspiration, Skills, and Knowledge (A.S.T.E.R.I.S.K.) is a partnership created in 2014, in which local businesses provide high school students in Moreno Valley Unified School District the opportunity to develop job skills and gain work experience. Each year, more than 100 high school students (grades 10-12 as well as alumni) from all academic and socioeconomic levels are chosen to participate. The target population is high school students who are eager to work and gain quality job experience. All students from the four comprehensive high schools and each alternative education high school are eligible to apply for this program. Student participation represents many sub-groups in this program, as MVUSD has a highly diverse demographic population. The goal of the program is to provide high school students who are willing to work with an opportunity to gain on-the-job experience in real businesses based in Moreno Valley. Our outcomes enable students to have a paid summer intern experience and guide them toward greater post-secondary career and college pathways. They also learn about industry standards and requirements, develop personal responsibility with a quality work ethic, and achieve a genuine interest in and commitment to their community..

- 1172 total Paid Student Internships since 2014
- 129 Paid Internships in 2022
- 24 Total Business Partners have participated in the program
- Students receive 5 Weeks of Work Based Learning Activities and Employment
- Students receive 5 Days of Professional Development from CTE Staff including the California Labor Commission to develop job skills
- Students receive full time employment as a result of participating in the program

- Students have utilized their experience to support post secondary career and college options

#### 5. Maintaining District Wide Attendance

MVUSD Attendance Specialists support school site attendance and engagement efforts to reduce chronic absenteeism of MVUSD students. When student absences are determined to be truant or excessive (more than 10% of days enrolled), school attendance and engagement teams reach out to families to inform them of the importance of regular school attendance and to collaboratively identify support to address barriers to attendance through supportive interactions. Attendance outreach communication is streamlined through a data analysis and outreach contract with SI&A through a program called A2A. Attendance Specialists enhance the outreach efforts of schools by conducting home wellness and welfare visits. During these visits, they strive to strengthen the relationship between families and schools to promote family access to resources to address barriers to student attendance such as tutoring, enrichment programs, or school based counseling or mental-health resources.

MVUSD Positive Attendance Recognition program encourages all students to “Be Present and be engaged at school for success” through District-wide messaging. During the 2021-22 school year approximately 10,000 students at the elementary and middle who demonstrated positive attendance and improved attendance were treated to a Kona Ice event. Two hundred students at the middle and high school levels with positive attendance were selected to receive prizes such as Nintendo Switch or iPads.

#### 6. Portrait of a Graduate

MVUSD's Portrait of a graduate serves as a foundation to equip students with skills and competencies needed to navigate the educational system and post secondary opportunities. Through Collaboration and stakeholder engagement, the need to incorporate 21st Century Learning Skills (Collaboration, Communication, Critical Thinking, and Creativity) as well as skills that strengthen students' social/emotional development (Adaptability and Perseverance) is paramount in preparing our students to be college, career, and future ready. The portrait of a graduate is embedded in District -Wide Goals and Outcomes and serves as a catalyst for student achievement and success.

#### Portrait of A Graduate Competencies

**Adaptability:** The capacity to be modified for a new use or purpose.

**Collaboration:** The action of working with someone to produce or create something.

**Communication:** The successful conveying or sharing of ideas and feelings.

**Critical Thinking:** The objective analysis and evaluation of an issue in order to form a judgment.

**Creativity:** The use of the imagination or original ideas, especially in the production of an artistic work.

**Perseverance:** Persistence in doing something despite difficulty or delay in achieving success

# Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

## Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

Two schools have been identified for CSI. They include:

- 1. March Mountain
- 2. March Valley

## Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

A district support team is providing services to support our identified school sites in developing CSI plans. The district support team includes the Chief Academic Officer, Director of Secondary Education, and Coordinator of Technology, Innovation, and Assessment. The services are designed to develop a systematic improvement process aimed at raising the bar and closing the gap in student learning results building on what was started last year. The process includes:

**Needs Assessment:** A root cause analysis of multiple measures, including academic performance and well-being of student groups, will guide school staff to create a strategic focus for improving student equity, learning and performance. A school implementation plan, aligned with district vision and goals, will delineate coherent strategies that connect student success indicators with high yield instructional supports and evidence of student learning to focus the collaborative work of teachers, counselors, site administrators and district staff for improving student learning outcomes and graduation rates.

**Principal Coaching:** Provide opportunities for the principal/admin team to develop expertise with implementing evidence-based inquiry cycles, discussing problems of practice and engaging in forward planning by clarifying capacity building supports for school improvement focused on student learning and graduation. Principal/admin team develops capacity to fulfill the role of lead learner by modeling co-learning, shaping school culture and maximizing impact on student learning.

**School Leadership Team:** Provides opportunities for the principal/admin team and teacher leaders to collaboratively design, implement and refine a school implementation plan with strategies for building school-wide capacity to improve teaching, student learning and course completion around key areas of improvement. The school leadership team develops capacity to guide collaborative inquiry cycles focused on student support services, lesson design/precision of pedagogy and evidence of learning/progress towards course outcomes.

**Teacher Team Inquiry Cycles:** Provides opportunities for teacher teams to collaboratively design, implement and refine 3 to 4 week instructional cycles as part of courses of study to improve student supports around key improvement areas. Teacher teams develop capacity

to collaborative plan high yield instructional practices informed by timely assessments for learning that results in precision of pedagogy and improved student learning results.

The district team provides ongoing support for school sites identified in CSI. A district support team is providing services to support our identified school sites in developing CSI plans. The process includes conducting a needs assessment, designing a school implementation plan centered on evidence-based inquiry cycles, principal coaching for capacity building, and opportunities for teacher team inquiry cycles to improve student supports and interventions. In addition the district supports school sites in identifying and mitigating resource inequities.

### ***Monitoring and Evaluating Effectiveness***

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

Based on the needs assessment the site's School Plan for Student Achievement (SPSA) was developed with specific student outcome data, actions and strategies with budget expenditures for improvement. A monitoring timeline is included within the SPSA.

Based on the outcome data an evaluation will be conducted to determine how to improve programs and whether or not to continue or discontinue strategies that may not be working effectively. In addition March Mountain and March Valley have developed a CSI Support Plan. The plan includes areas of:

- \* Focus
- \* Outcome Goals as measured by the engagement report, attendance data, and F data gathered and analyzed at the end of each term.
- \* Three month monitoring cycles which include: Student Success Indicators, Staff Practices to Support Indicators, Supports Needed, Evidence of Growth/Timeline and Funding
- \* Expectations include: Increased engagement, increase in attendance, increase in work completion and pass rate, Completion of class assignments to show learning resulting in passing grades, Connection and engagement with the school, teachers/faculty and peers
- \* Monitoring is done following each Three Month Cycle

# Engaging Educational Partners

A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.

The Strategic Planning/LCAP Advisory Team was involved in developing the district revised Strategic Plan including the portrait of a graduate and our new mission and vision statement. Through collaboration this group developed Goal 5 Support Effective Communication Throughout the District. The advisory team membership consists of representatives from ASB-Associated Student Body, PTA-Parent Teacher Association, DELAC-District English Learner Advisory Committee, AAPAC-African American Parent Advisory Council, CSEA-Classified School Employees Association, MVEA-Moreno Valley Educator's Association, Community Members, Business Members, Principals, Higher Education, Faith Based Community Members, Cabinet, Management Personnel, School Board Members, Parent Ambassadors, parents, Foster Student Liaison, Homeless Student Liaison for a total of Approximately 75 stakeholders. This group was co-led by the Superintendent and the Chief Academic Officer to gather ideas and provide feedback on LCAP goals, actions, services and expenditures

Met on the following dates:

September 27, 2021

November 8, 2021

February 28, 2022

May 2, 2022

The Board of Education was updated every month on LCAP progress monitoring and provided feedback and direction to the Superintendent. The board of Education approved the LCAP and Annual Update on June 29, 2021.

Meetings were held on the following dates:

LCAP Student Advisory Group which is primarily made up of parents, was involved in developing the district revised Strategic Plan including the portrait of a graduate and our new mission and vision statement. Through collaboration this group developed Goal 5 Support Effective Communication Throughout the District. Members completed LCAP Community Stakeholder Survey which supports Goals and Actions contained within the LCAP. Students participated in a facilitated focused group discussion on the LCAP Actions and Services. Students provided feedback on services and actions that impact them directly and that they feel students need to be provided. Student Participants are selected by school sites of every middle and high school.

Met on the following dates:

October 20, 2021

November 3, 2021

January 19, 2022

March 9, 2022

May 4, 2022

#### Educational Services Directors

Directors met with the Chief Academic Officer every Tuesday throughout the year. Progress monitoring of LCAP actions and services was completed to ensure all goals and actions were reviewed for relevance. During the meetings Directors received LCAP progress updates, reviewed budget priorities, and discussed how to further systematize the LCAP funded program information. As a result the Chief Academic Officer presented the LCAP Action Steps to the board for recommendation.

#### Curriculum Advisory Committee (CAC)

The Moreno Valley Community Advisory Committee is open to all with an interest in Special Education. Our purpose is to provide education and support to parents/guardians, encourage community acceptance of students with special needs, improve communication between parents/guardians, district administrators, and MVUSD Board of Education and enhance the quality of special education services in the district, and to make available to individuals with disabilities and/or their parents or guardians, a forum where they may express the general needs of educational programs for students with disabilities.

The purpose of the CAC which includes the SELPA Director and Assistant Director, all parents of Students with disabilities are invited and open to the public is to: Get to know the District Special Education Staff, Become informed about the Special Education process, learn to advocate for your child's needs, express your opinion, assist in making decisions that impact Special Education in our District and meet and collaborate with other parents.

The Executive Director of SELPA met with the advisory committee and presented the planned actions and services and members completed the LCAP Community Survey to provide feedback on proposed goals and services. In addition two parent members of CAC attended the scheduled training sessions with district staff to provide input and feedback.

The meeting dates for CAC were:

September 22, 2021

October 27, 2021

November 17, 2021

December 15, 2021

January 26, 2022

February 23, 2022

March 16, 2022

April 27, 2022

May 25, 2022 – CAC Parent Workshop

District English Learner Advisory Committee (DELAC) committee which includes an ELAC member from every member from every school in the district, the EL Director, Coordinator and staff, and the Chief Academic Officer, some principals, and board members and the general

public. Parents received LCAP program information, budget updates and progress updates. In addition DELAC members were provided the LCAP stakeholder survey. DELAC members did not have any specific questions regarding LCAP, so no written responses were provided.

The meeting dates for DELAC were:

- September 15, 2021
- October 20, 2021
- November 10, 2021
- January 19, 2022
- February 16, 2022
- March 9, 2022
- April 20, 2022
- May 18, 2022

May 17, 2021 (LCAP Community Presentation & Survey)

African American Advisory Council (AAAC) met on the following dates. The AAAC purpose is to involve and engage parents, families, students, educators, and community members in the decision making process at the local, district and regional level to improve the quality of education for African American students by raising the level of awareness in our community about cultural learning differences and promoting an understanding among parents, educators and others about culturally learning differences and promoting an understanding among parents, educators, and others about culturally sensitive issues relating to the education of African American Students. The Budget Overview for Parents was shared and they were provided the LCAP Community Presentation and completed the Community Survey on April 15, 2021

- September 16, 2021
- October 21, 2021
- January 20, 2022
- February 24,2022 (Black History Month Drive-Thru)

CTE Advisory met on the following dates. The CTE Advisory committee develops recommendations on the district's CTE programs and serves as a Liaison between the district and potential employers. The committee consists of one or more representatives of the general public knowledgeable about the disadvantaged: parents, students; teachers; business; industry; school administration; and the field office of the California department of Employment Development. They were provided information regarding the CTE Pathway programs and status of new pathways included in the LCAP for 2021-2022.

- October 22, 2020
- May 6, 2021

Superintendent's Cabinet includes the Superintendent, Chief Human Resources Officer, Chief Business Official, and Chief Academic Officer. The Superintendent's Cabinet has served as the district leadership team leading the work in Moreno Valley Unified School District. The LCAP actions, Services, Budgets, and Evaluation process were reviewed as a team during the year prior to any board meeting to assure that the cabinet has reviewed and discussed best practices for unduplicated students within the identified priority goals. The Superintendent has ensured the Strategic Plan, and LCAP Goals and Actions steps drive the key initiatives in the district.

Extended Cabinet (8:30 – 10:00 a.m.) Extended Cabinet includes the Superintendent, Cabinet Members, and Directors and coordinators from every division. This team was provided ongoing LCAP updates and provided feedback regarding progress within individual department actions and services.

May 3, 2022;

- CAMM-CSEA-representing classified staff, AMVMP-representing all management personnel, MVEA representing the teachers, and Superintendent's Cabinet) Meeting primary role is to meet monthly to discuss the district, how the superintendent shares with employee groups what is going on and employee groups share information regarding how to support the district strategic plan and LCAP.

September 13, 2021

October 25, 2021

December 6, 2021

January 31, 2022

April 11, 2022

- JFMC-Joint Fiscal Management Committee reviews information regarding the fiscal status of the district and provide ongoing assistance and input regarding the fiscal wellbeing and long term financial integrity of the District. The JFMC articulates its findings to the Superintendent and the Association of MVEA. The committee is comprised of three Moreno Valley Education Association (MVEA) members, three management members, and three Classified Employee Association (CSEA) members. The CBO & MVEA members serve as the committee co-chairs.

September 20, 2021

October 18, 2021

November 15, 2021

December 13, 2021

January 10, 2022

February 7, 2022

March 14, 2022  
April 25, 2022  
May 9, 2022

- State of the District allows the Superintendent to share information including LCAP information with All stakeholders including parents, community partners, staff, students and business partners.  
March 17, 2022
- Principal Topics Meetings, which includes all principals, Superintendent's Cabinet. Educational Services Directors, Educational Services Coordinators, and Human Resources Directors were used to provide principals with ongoing LCAP updates and seek input regarding actions and services and site specific interventions.

August 9, 2021  
August 31, 2021  
October 5, 2021  
November 2, 2021  
December 15, 2021

February 15, 2022  
March 15, 2022  
April 19, 2022  
June 13, 2022

A summary of the feedback provided by specific educational partners.

A district wide survey was administered to both students and parents. 6,272 elementary students responded, 12,237 secondary students responded and 1,692 parents responded.

Feedback from Elementary Students show only one area less than 50% favorable. The area of Behaviors around anxiety was less than 50% indicating further support in SEL. Also of concern were the results for Hope, and Self-Efficacy.

The Elementary Survey Percent Favorable results were as follows

- 79% Climate of Support for Academic Learning
- 79% Knowledge and Fairness of Discipline, Rules and Norms
- 71% Sense of Belonging
- 65% Safety
- 75% Sad
- 71% Joy
- 67% Growth Mindset
- 66% Social Awareness
- 65% Self-Management
- 59% Hope
- 54% Self-Efficacy
- 49% Behaviors around anxiety

Feedback from Secondary Students show multiple areas that were less than 50% favorable. Areas of concern were in their sense of belonging, joy, self-efficacy, and hope. These responses indicate the need for more support in the area of SEL.

The Secondary Students Survey Percent Favorable Results were as follows:

- 69% Climate of Support for Academic Learning
- 65% Knowledge and Fairness of Discipline, Rules and Norms
- 63% Safety
- 47% Sense of Belonging
- 69% Sad
- 64% Self-Management
- 62% Growth Mindset
- 59% Social Awareness
- 58% Behaviors around anxiety
- 54% Joy
- 42% Self-Efficacy
- 41% Hope

Feedback from families results were over 80% favorable in all areas. The Family Survey Percent favorable results were as follows:

- 89% Climate of Support for Academic Learning
- 88% Sense of Belonging
- 87% Knowledge and Fairness of Discipline, Rules and Norms

87% Safety  
82% Barriers to Engagement

The results for Elementary and Secondary students indicate the need for more support in the area of SEL. In general Elementary results were more favorable than Secondary students. In the area of Sense of Belonging Elementary Students were at 71% and Secondary Students were only at 47%. Secondary student results indicate a drop of 24% from Elementary which indicate more supports are needed at the secondary level to ensure students feel a sense of well being. Both teachers and administrators have indicated that because of COVID they felt isolated and in need of Social Emotional supports as well.

A description of the aspects of the LCAP that were influenced by specific input from educational partners.

As a result of the student surveys an additional action item was added to the LCAP to support the mental health and SEL of students.

In addition the survey results from our stakeholders in particularly our students reinforce the need to maintain the following actions and services currently in place:

- Action 2.2 Support for Mentoring
- Action 3.10 Safety and Security
- Action 1.16 Reading by 3rd grade initiative
- Action 1.14 Summer Learning programs/Expanded Learning programs
- Action 4.11 Social Workers
- Action 3.7 Counselors at every school
- Action 4.15 CWA Alternative Supports
- Action 4.2 Wellness Center
- Action 5.5 Parent Engagement/Outreach
- Action 3.6 Support for Homeless Students
- Action 4.10 Positive Behavior and Intervention Support (PBIS)
- Action 4.90 CWA Behavioral Support Specialists

# Goals and Actions

## Goal

Goal #	Description
1	Promote academic growth for every student

An explanation of why the LEA has developed this goal.

An analysis of the 2019 Fall Dashboard data showed that performance of students on the CAASPP increased in both ELA and Math. In ELA students performed at 40.8 points below standard which was an increase of 7.4 points. This corresponded to a level of "yellow" with a status of "low" and a change of "increased". We had one student group receive a "blue" and another receive a "green". No student group received a "red". The English Learner students increased 6.5 points, arriving at 59.7 points below standard. The Foster Youth students increased 15.7 points, arriving at 78.2 points below standard. The Low Income students increased 12.5 points, arriving at 42.7 points below standard. The Students with Disabilities increased 9.6 points, arriving at 123.2 points below standard. While all these student groups increased, these results showed that performance was still below standard. Professional Development and improvement in instruction of the standards will still be needed as we strive meet the standard.

In Math students performed at 71.6 points below standard which was an increase of 5.6 points. This corresponded to a level of "yellow" with a status of "low" and a change of "increased". We had one student group receive a "blue" and another receive a "green". No student group received a "red". The English Learner students increased 6.1 points, arriving at 83.8 points below standard. The Foster Youth students increased 11.4 points, arriving at 108.9 points below standard. The Low Income students increased 11.4 points, arriving at 72.5 points below standard. The Students with Disabilities increased 7.4 points, arriving at 147.6 points below standard. While all these student groups increased, these results showed that performance was still below standard. Professional Development and improvement in instruction of the standards will still be needed as we strive meet the standard.

An analysis of the 2021 NWEA Map Spring Administration showed that 56% of students were below grade level in Reading and 65% of students are below grade level in mathematics.

English Learner students, 83% in reading and 88% in mathematics are below grade level.

Students with Disabilities, 84% in reading and 89% in mathematics are below grade level.

Low income students, 58% in reading and 68% in mathematics are below grade level. Professional development and improvement of instruction of the standards will still be needed as we strive to meet the standards.

<b>1.5</b>	1.5 Provide Instructional and Support Staff	Provide Instructional and Support Staff to increase student achievement Class size reduction to support learning Maintain central registration staff to support students and families Out of ratio Staff to support student achievement Maintain Library Media Assistants to support literacy Maintain Guidance Technicians to support student scheduling Maintain Language Assessment and Registration Center to support students and families	\$15,566,720.00	Yes
<b>1.6</b>	1.6 PAR Program	Provide a teacher Peer Assistance and Review (PAR) system and the coordination of employment policies and procedures with activities for professional development	\$65,000.00	Yes
<b>1.7</b>	1.7 English Learner Support	As a way to supplement the core instructional program for English Learners (ELs), all profiles of this student group (newcomers, normatively progressing, At-Risk and LTELs) in grades KT-5th grade are provided with an Imagine Learning Language & Literacy license to support language acquisition as rapidly and effectively as possible. The Imagine Learning Language & Literacy is an adaptive learning tool that accelerates reading and language proficiency for students, particularly, ELs. Imagine Learning provides supplemental support to the core program by addressing all language domains -- listening, speaking, reading, and writing. English learners in grades 2nd through 12th grade are afforded access to a FEV tutor 24 hours per day, seven days per week, as needed, to bridge gaps and support with the academic core curriculum.  Language Acquisition Programs offered to ELs include:	\$2,000,000.00	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>SEI - Structured English Immersion. This program option is for students who have less than reasonable proficiency in English. Nearly all instruction, textbooks, and teaching materials are in English using Specially Designed Academic Instruction in English (SDAIE) strategies. Primary language instruction and support may be included in the delivery of the core curriculum depending on students' linguistic needs. English Language Development (ELD) is provided daily. The goal of this program is for EL students to reclassify as Fluent English Proficient after 7 years of effective ELD instruction.</p> <p>DLI - Dual Language Immersion is not solely an English Learner Program but is unique in that English Only students are strongly encouraged to participate to become bilingual, bi-literate, and bicultural. DLI is highly recommended for English Learners of the target language starting in Kindergarten. One section of TK will be added with additional sections added in future years. Dual Language Immersion is a research-proven additive program. Dual Language Immersion is an approach used to learn a second language where all the activities and curriculum are delivered in two languages. Students will receive instruction aligned with the California Standards in both Spanish and English through the 90/10 model beginning in Transitional Kindergarten. Parents that choose to enroll their child in the Dual Language Immersion program commit to no less than a period of six years (K-5), but it is strongly recommended to continue in the DLI Program through 12th grade.</p>

## Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

During the 2021-22 school year the impact of COVID-19 included the disruption of some of the Goals and actions planned within the scope of the LCAP.

Action 1.1 Professional Development includes the salary of the district's professional development specialists. Due to COVID and the lack of substitute teachers the professional development specialists as well as the majority of district based staff were required to cover class rooms when substitutes were unavailable as well as supporting schools with COVID protocols. Very little of the actual professional development planned for the year was able to take place. In response, Professional Development was offered after school hours, on Saturdays, and during winter and spring break.

Action 1.2 Technology: the increased need for technology far exceeded the planned actions.

Action 1.4 Support for Early Literacy this year's planned expenditure was to add a preschool class. However, due to delays with DSA and certifications and the bid process the project was delayed and will not happen until the next fiscal year.

The overall implementation of Goal 1 was successful and contributed to progress towards the goal. The academic supports for EL students, technology purchases, instructional support staff and professional development were all implemented successfully and will continue to support students in doing well academically.

The successful actions implemented led to the following success in metrics leading to academic growth for every student.

**Metric Successes**

- 100% of teachers are trained and implementing California State Standards
- 100% of students had access to standards aligned instructional materials
- 98% of teachers are appropriately assigned and fully credentialed
- 100% of EL students have access to ELD standards

**An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.**

Goal 1 planned expenditures totaled \$54,555,358. The actual expenditures totaled \$53,643,062. The difference between planned and actual expenditures was \$912,296 in underspent funds. The actions listed below are the ones which show the major material differences.

Action 1.2 Technology had planned expenditures of \$3,700,000; however actual expenditures were \$5,323,479. Technology costs exceeded the planned budget by \$1,623,479. The district technology plan initially covered 1 to 1 devices for grades 3 to 12. However, there was a need to provide devices to students in TK to Grades 2 which accounted for a substantial increase in expenditures. In addition additional infrastructure was needed to meet the increased demand.

Action 1.3 Access to instructional materials had planned expenditures of \$1,185,422 and actual expenditures were only \$1,060,769 resulting in unspent funds of \$124,653

Action 1.4 Support for Early Literacy had planned expenditures of \$190,325. Actual expenditures were \$45,712 resulting in unspent funds of \$145,613

Action 1.6 PAR program had planned expenditures of \$65,000 and actual expenditures of \$45,712. The actual expenditures of this action fluctuate based on the number of teachers seeking support or placed on improvement plans.

Action 1.8 Dual Immersion Program planned expenditures were \$6,964,509 and actual expenditures were \$7,221,220. The actual expenditures exceeded the planned expenditures by \$256,711 due to increased needs for interventions for DLI students.

Action 1.10 District software programs to support intervention planned expenditures were \$1,425,000 and actual expenditures were \$1,542,151 which exceeded the budget by \$117,151. This was due to additional software to support student needs due to learning loss

Action 1.12 PBIS Support Program planned expenditures were \$600,000 and actual expenditures were \$485,592. This resulted in \$114,408 of unspent funds. Many of the PBIS planned events did not take place due to the impact of COVID and the need to provide social distancing and follow COVID protocols.

Action 1.14 Summer Learning Programs planned expenditures were \$1,500,000 and actual expenditures were only \$43,714. This was due to an influx of other funding including the Expanded Learning Opportunity Grant which was used to cover the cost of summer learning programs and credit recovery programs. The planned actions took place they were just not charged to the LCAP budget as planned.

Action 1.15 Site specific interventions had planned expenditures of \$5,330,258 and actual expenditures of \$4,802,545 resulting in unspent funds of \$527,713. Due to COVID much of the intervention programs on sites were cancelled due to the lack of personnel to provide interventions. The difficulty of receiving items ordered also impacted the ability to provide intervention programs.

An explanation of how effective the specific actions were in making progress toward the goal.

Overall the actions were successful for the local indicators. The district continues to do well in ensuring teacher proficiency in the California State Standards, student access to standards aligned instructional materials, school facilities in good or exemplary repair and teachers appropriately credentialed. Other measures of success are the EL student access to ELD standards, and the percentage of teachers trained and implementing California State Standards. In addition data from the Healthy Kids Survey indicate increases in the number of students who feel connected to the school at the elementary, middle and high school levels. The impact of COVID and resulting learning loss is a concern and our local measures indicate a continued need to support ELA and Math instruction to increase student achievement in those areas.

Actions Successfully Implemented

Action 1.1 Professional Development was fully implemented

Action 1.5 Provide instructional and Support staff was fully implemented

Action 1.7 English Learner Support was fully implemented  
Action 1.8 Dual Immersion Program was fully implemented  
Action 1.10 District software programs to support intervention was fully implemented  
Action 1.11 CWA Behavioral Support Specialist was fully implemented  
Action 1.13 Full Day KDG was fully implemented  
Action 1.14 Summer Learning Programs was successfully implemented; however, ELOG/ELOP funding was utilized resulting in unspent funds allocated in LCAP

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The Dual Language Immersion program has planned incremental growth to provide teachers at every level of grade school, middle school and high school. This incremental growth results in an additional 8 FTE for the 2022-2023 school year at an estimated cost of \$770,000. In addition as mentioned before the need to provide technology for students in grades TK-2 as well as 3rd grade to 12th grade results in a need to increase the Technology planned expenditures from \$3,700,000 to \$4,000,000. Our summer learning programs costs will be covered by the Expanded Learning Opportunity Grant and the Expanded Learning Opportunity Program resulting in a decreased allocation.

The metric for school facilities will be maintained in good or exemplary repair; Percentage of students who feel connected to school as measured by CHKS; and Percentage of staff who feel school is a safe place as measured by CHKS were moved to goal 4 to align with relevance of the goal.

Action 1.5 Provide instructional staff and support staff to increase student achievement was decreased to \$15,566,720. The district's unduplicated count is reduced due to declining enrollment resulting in a decrease of more than \$4,000,000 in supplemental and concentration funding resulting in a decrease to actions and services being offered.

Action 1.11 CWA Behavioral Support Specialist moved to action 4.9 to align with a more relevant goal

Action 1.12 PBIS Support Program moved to action 4.10 to align with a more relevant goal

Action 1.17 Mental Health and SEL Supports was added based on input from stakeholders and increase in student incidents needing to be addressed in this area

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

# Goals and Actions

## Goal

Goal #	Description
2	Establish college and career readiness for every student

An explanation of why the LEA has developed this goal.

Although we have made great strides in maintaining our graduation rate, the percent of students that are ready for college and/or career can be improved upon. The College/Career Indicator provided by the CA Dashboard shows that 36.2% of the Class of 2020 were prepared for college and/or a career. This was an increase of 2.5% from the Class of 2019 (33.7% prepared). This would have resulted in a level of "green". Actions and services around college and career readiness are showing to be working and we will continue to focus on our foster youth, homeless and students with disabilities.

Progressively increase the A-G course completion rate to 65% with an emphasis on African American, Hispanic, English Learner and Special Education student groups. Currently the A-G completion rate for all students in MVUSD is 42.9%. A-G completion rates for student groups are as follows: Hispanic 42.4%, African American 37.3%, English Learner 29.8%, and Special Education 8.4%. These results reflect an ongoing need to focus on increasing the A-G course completion rate for all students and provide support to teachers and students.

Attain a 50% Advanced Placement (AP) qualifying score rate of 3+ for all participating students with an emphasis on African American and Hispanic students. Currently 46.4% of students that take an AP exam score at least a 3. Scoring rates for student groups are as follows: African American 45.5% and Hispanic 44.0%. These results reflect an ongoing need to focus on increasing the Advanced Placement (AP) qualifying score rate and provide support to teachers and students.

Increase the High School Readiness Indicator (HSRI) by 10% annually. Currently our middle schools have a 22.2% HSRI. This percentage reflects an ongoing need to focus on increasing our High School Readiness Indicator and provide support to teachers and students.

## Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Increase A -to G Course Completion Rate	Completion Rate (DQ 2019-20 4 Yr ACGR) • District 42.9%	Completion Rate (DQ 2021 4 Yr ACGR) District 40.4%			Completion Rate • District 60% • EL 40%

## Actions

Action #	Title	Description	Total Funds	Contributing
<b>2.1</b>	2.1 Visual and Performing Arts (VAPA)	Provide a VAPA program throughout the district to enhance and engage student learning in order to decrease barriers and increase opportunities for students.	\$2,674,876.00	Yes
<b>2.2</b>	2.2 Mentoring	Provide mentoring services to at promise students	\$50,000.00	Yes
<b>2.3</b>	2.3 Alternative School Supports	Provide students with alternative options to meet individual needs and graduate from high school college and career ready. Moreno Valley Online Academy (MVOA) to accommodate students with a variety of learning styles and needs Bayside Community Day School (CDS) offers an alternative educational setting for high school students identified at risk due to attendance, lack of academic achievement and credit deficiencies. March Valley is a voluntary alternative opportunity school and functions as an intervention program for students and includes the CAL Safe program for parenting teens and daycare facility that enables students to continue school after giving birth in a supportive environment March Mountain Continuation School provides an alternative educational setting for students for students who have experienced difficult events in their lives an lack skills to cope with social challenges resulting in behavior or attendance problems which have led to poor performance resulting in credit deficiency.	\$9,884,838.00	Yes
<b>2.4</b>	2.4 Maintain a robust college and career program	Maintain a robust College and Career Ready program including Career Technical Education (CTE) to support students for post-high school success. Support college and career opportunities for students including college field trips; assist and support elementary/middle schools in developing a college and career readiness culture. Under the funds it should have the amount allocated to the CCR department.	\$400,000.00	Yes

Action #	Title	Description	Total Funds	Contributing
<b>2.5</b>	2.5 Maintain Director, College and Career Ready	The Director, College and Career Readiness oversees college and career readiness including Career Technical Education (CTE).	\$260,275.00	Yes
<b>2.6</b>	2.6 Maintain the Career Development Facilitator Position	The Career Development Facilitator supports the Director, College and Career maintain a robust Career Technical Education (CTE) program including supporting teachers and students	\$259,145.00	No
<b>2.7</b>	2.7 Provide Course Access	Implement International Baccalaureate (IB) program at Canyon Springs HS, Vista Heights MS, and Sugar Hill Elementary School	\$1,638,718.00	Yes
<b>2.8</b>	2.8 AVID Program	Maintain current AVID program and increase AVID access to support unduplicated students	\$1,186,498.00	Yes
<b>2.9</b>	2.9 ASTERISK Students	Maintain a Student Intern Program. Student Interns including CTE students will be hired during the summer and through out the school year to assist them in preparing to be college and career ready.	\$225,000.00	Yes
<b>2.10</b>	2.10 AP and PSAT/SAT Testing	Advanced Placement Testing Provide financial support to allow students to take the AP exam Provide PSAT/SAT Testing	\$355,000.00	Yes
<b>2.11</b>	2.11 STEAM Program	Implement focus on STEAM at NorthRidge Elementary, Palm Middle School and Valley View High School	\$608,271.00	Yes

Action #	Title	Description	Total Funds	Contributing
<b>2.12</b>	2.12 Building Assets Reducing Risks (BARR) Program	Building Assets and Reducing Risks (BARR) Program for 9th grade student success	\$515,000.00	Yes
<b>2.13</b>	2.13 Maintain contract with Riverside County Office of Education for Career Technical Education (CTE) programs	The Career Technical Education (CTE) contract with the Riverside County Office of Education provides numerous teachers for CTE pathways including Cyber Security, Graphic Design, Public Safety, and Welding.	\$1,500,000.00	Yes
<b>2.14</b>	2.14 Middle College Program	Provide middle college program to allow students to earn AA degree and high school diploma simultaneously	\$300,000.00	Yes
<b>2.15</b>	UCAN College Fair	Provide expanded opportunities in support of a college going culture	\$20,000.00	Yes

## Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

During the 2021-22 school year the impact of COVID-19 included the disruption of many of the of Goals and actions planned within the scope of the LCAP.

2.4 Maintain a robust college and career program. Due to COVID many events and activities were cancelled which prevented full implementation of this action

2.8 AVID program. Due to COVID schools were not able to participate in the AVID professional development opportunities and student events

**Actions Successfully Implemented**

- Action 2.1 Visual and Performing Arts was fully implemented
- Action 2.3 Alternative School Supports was fully implemented
- Action 2.5 Maintain Director, College and Career Ready was fully implemented
- Action 2.7 Provide Course Access was fully implemented
- Action 2.9 ASTERISK Students was fully implemented
- Action 2.10 AP Testing was fully implemented
- Action 2.11 STEAM Program was fully implemented
- Action 2.13 Maintain contract with Riverside County Office of Education for Career Technical Education (CTE) programs was fully implemented

Although the actions listed above were implemented successfully, the only metric to see positive growth was the increase in the number of interns. The number of interns increased from 63 to 104 in 2022. The negative growth in all other metrics is attributed directly to the impact of COVID 19. The greatest impacts related to the results was negative attendance.

**An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.**

Planned expenditures for Goal 2 was \$17,346,418. Actual expenditures totaled \$16,486,745 resulting in underspent funds in the amount of \$859,673

- 2.1 Visual and Performing Arts (VAPA) planned expenditures were \$2,227,808 and actual expenditures were \$2,332,806 which exceeded the planned expenditures by \$104,000. Additional activities were completed in this area to support students SEL.
- 2.4 Maintain a robust college and career program. Planned expenditures in this area were \$400,000 and actual expenditures were \$182,636 resulting in unspent funds in the amount of \$105,000. Due to COVID the district was unable to host many of the College and Career events.
- 2.7 Provide Course Access. Planned expenditures were \$1,476,392 and actual expenditures were \$1,384,867 resulting in unspent funds in the amount of \$91,525. Staff was unable to attend IB professional development due to COVID which resulted in less expenditures.

2.8 AVID program. Planned allocation was \$1,000,000 and actual expenditures were \$772,893. This resulted in unspent funds in the amount of \$227,107. Staff was not able to attend the required AVID training and conferences which resulted in less funds being spent. This also impacted student field trips to colleges and other programs.

2.9 ASTERISK Student Intern program. Planned allocation was \$199,163 and actual expenditures was \$220,620. The expenditures exceeded the allocation by \$21,457. The previous year less students applied and participated in the program. This year a more focused recruitment took place resulting in more students participating. In addition several interns who graduated worked throughout the year to support school sites with COVID protocol and procedures.

2.12 Building Assets Reducing Risks (BARR) Program. Planned expenditures were \$515,000 and actual expenditures were \$418,276 resulting in resulting in \$96,724 of unspent funds.

2.14 Middle College Program. Planned expenditures were \$508,119 and actual expenditures \$160,168 resulting in \$347,951 of unspent funds. Following COVID far less students than was typical applied for an enrolled in the program resulting in less expenditures.

#### An explanation of how effective the specific actions were in making progress toward the goal.

The impact of COVID is reflected in the negative progress in all metrics reported. Of the eight metrics pertaining to this goal data is not available for four of them including the college readiness rate, CTE course completion rate, CTE enrollment, and college career indicator. Data for the remaining four metrics is as follows: Increase A to G course completion overall the district rate decreased by 2.5%. Of greater concern is the EL completion rate which decreased by 16.9%. the African American group decreased by .5%, the Students with disabilities group decreased by .5% and the Hispanic group decreased by 3.4%. Other factors related to this negative progress were the policies decreasing the credits necessary to graduate due to the impact of COVID. In addition, many students were unsuccessful passing A to G classes during distance learning.

The AP passage rate decreased significantly by 17.4% for the same reasons listed above which are related to the negative impact of COVID.

The percentage of pupils who have completed both A to G and CTE decreased by 4.8%.

Middle College Enrollment decreased from 108 students to 76 students a decrease of 32 students. Due to the COVID restrictions at the college many students chose not to participate in the program and some enrolled in the Moreno Valley Online Academy to complete their coursework.

Although the district did not make any progress toward our goal of Establishing college and career readiness for every student we believe the actions listed are very relevant and should be continued. During the 2022-2023 school year the district will be focused on ensuring progress is made in this area.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

As a result of reflections on prior practice:

The allocation for VAPA was increased to \$2,500,000.

The allocation for ASTERISK Student Intern Program was increased to align with current expenditures. The district desired to increase the number of student interns benefitting from this program based on the positive feedback from the community, staff and parents.

The allocation for RCOE/CTE teachers increased to align with expenditures

The middle college allocation was decreased to \$300,000 to align with average expenditures

In addition the district has added both a Culinary pathway and a cosmetology pathway to provide more options for students.

The metric for High School Readiness Index (HSRI) was added to measure middle school academic success

Action 2.15 UCAN College Fair was moved to goal 2 to align with a more relevant goal

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

# Goals and Actions

## Goal

Goal #	Description
3	Ensure equitable opportunities for every student

An explanation of why the LEA has developed this goal.

The 4 year adjusted cohort graduation rate for the class of 2020 was 90.9%. This was a decrease of 0.3% from the Class of 2019. However, the Dashboard Graduation rate for the Class of 2020 was 91.4%. This was an increase of 1.1% from the Class of 2019. This would have resulted in a status of high (blue). So although the results show great strength in graduation rate districtwide, there is still more needed to help increase rates for our major student groups.

EL Reclassification rates are less than 10% which indicates more support is needed for our EL students. Support for EL students will lead to increases in the EL reclassification. The actions in goal 3 provide support for teachers, and staff in support of increasing the reclassification rate.

Increase the FAFSA Completion Rate progressively to 85% completion rate. The current percentage is 30% which indicates the need to provide support to staff, students and families which will lead to increases in the FAFSA completion rate.

## Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Increase HS Graduation Rate	HS Graduation Rate (19-20 Dashboard Rate) District: 91.4% AA: 90.8% EL: 79.9% LI: 91.1% FY: 77.8% SWD: 77.7%	HS Graduation Rate (20-21 Dashboard Report) District: 91.1% AA: 90.2% EL: 74.5% LI: 90.6% FY: 52.6%			HS Graduation Rate (Dashboard Rate) District: 95% AA: 95% EL: 85% LI: 95% FY: 85% SWD: 85%

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24

<b>3.12</b>	3.12 Cal Safe Program	Provide a comprehensive community -linked school program for expectant and parenting students and their children	\$278,645.00	Yes
<b>3.13</b>	3.13 Attendance Specialists moved to Goal 4 Action 14	Provide Attendance Specialists to maximize student attendance Ensure school sites exceed 95% attendance rate	\$0.00	No
<b>3.14</b>	3.14 Grant Writer	Maintain a grant writer to write grants to expand current practice or implement new practices that support increased student achievement for ALL students.	\$150,000.00	Yes
<b>3.15</b>	3.15 CWA Alternative Supports moved to Goal 4 Action 15	Provide training for Trauma Informed Schools Provide training for Restorative Practices Support Teachers and students training and support for Safe School Ambassadors Program	\$0.00	No
<b>3.16</b>	3.16 Expanded Transportation Services	Increase transportation boundaries to provide at risk students with transportation to school and increase student safety	\$2,000,000.00	Yes
<b>3.17</b>	3.17 Increase staffing	Increase school site staffing providing direct services to students	\$16,627,107.00	Yes

## Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

During the 2021-22 school year the impact of COVID-19 included the disruption of many Goals and Actions planned within the scope of the LCAP

3.1 Gifted and Talented program. Due to the impact of COVID and the switch to online testing for GATE we were unable to complete testing to identify additional GATE students.

3.8 Athletics-much of the in person events including practices was on hold for much of the year due to the impact of COVID. In addition middle school sports were put on hold due to the high rate of COVID cases.

3.10 Safety and Security due to COVID was not able to order planned equipment and provide dome training

The overall implementation of the goal went well. The district continues to be proud of our district graduation rate over 90%. This was made possible due to the supports in Goal 3 in ensuring equitable opportunities for every student. If not for the successful implementation of the actions the district graduation rate would have seen a decrease in graduation rate due to the impact of COVID. We continue to focus on the at promise students and our work in increasing their graduation rate. Our increased school site support, foster youth support, support for homeless students, and additional counseling support which includes a full time counselor at every elementary school were all implemented successfully and contributed to the progress noted in the district graduation rate.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 3 had a total of \$12,244,470. Actual expenditures totaled \$11,471,795 resulting in \$772,675 in unspent funds.

3.1 GATE planned expenditures were \$100,000 and actual expenditures were \$65,000

3.4 Nurse support planned expenditures were \$120,000 and actual expenditures were \$0. The action was fully implemented; however, the expenditure was covered with ESSER Funds.

- 3.5 Homeless Students planned expenditures were \$50,000 and actual expenditures were \$45,425
- 3.8 Athletics planned expenditures were \$1,000,000 and actual expenditures were \$817,947
- 3.10 Safety and Security planned expenditures were \$1,316,480 and actual expenditures were \$973,124
- 3.13 Attendance Specialists planned expenditures were \$255,401 and actual expenditures were \$280,059

An explanation of how effective the specific actions were in making progress toward the goal.

The district overall graduation rate decreased very slightly from 91.4% to 91.1%. The AA graduation rate also decreased from 90.8% to 90.2%. Low income graduation rate decreased from 91.1% to 90.6%. Graduation rates for EL, FY, and SWD all decreased. The greatest decrease was FY which decreased significantly from 77.8% to 52.6%. The district is making progress in graduation rate; however the focus remains on supporting our FY, SWD and EL students.

Official data regarding the EL reclassification rate is not available, however, a record number of 335 students were celebrated at district reclassification ceremonies. The district continues to make positive progress in the area of reclassification.

The district did not meet our goal on increasing FAFSA Completion Rate for the 21-22 year. The FAFSA Completion rate decreased from 57.5% to 30% which was a 27.5% decrease which we attributed to the impact of COVID. We have increased our outreach efforts to ensure students complete the FAFSA and remain competitive in their options to enter college following graduation. The specific actions that were successful include:

- Action 3.2 Increased school site support
- Action 3.7 Additional counseling staff
- Action 3.8 Athletics
- Action 3.14 Grant Writer
- Action 3.16 Expanded Transportation Services

These actions supported our metric of ensuring equitable opportunities for every student.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

Action 3.3 Social worker was moved to action 4.11 to align to a more relevant goal

Action 3.4 Nurse support was moved to action 4.12 to align to a more relevant goal

Action 3.10 Safety and security was moved to action 4.13 to a more relevant goal

Action 3.13 Attendance Specialists was moved to action 4.14 to a more relevant goal

Action 3.15 CWA Alternative Supports was moved to action 4.15 to a more relevant goal

Action 3.16 Increase transportation boundaries to provide at risk students with transportation to school and increase student safety was added to Goal 3

Action 3.17 Increase school site staffing was providing direct services to students was added to Goal 3

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

# Goals and Actions

## Goal

Goal #	Description
4	Provide a safe, welcoming, respectful and rigorous learning environment for every member of the school community

An explanation of why the LEA has developed this goal.

In order to maximize the potential of all students it is very important to establish partnerships with all stakeholders in particular our parents. Through the work with our parent groups it became obvious that many of our parents of color are uncomfortable within the school environment. Much of the discomfort involves their perception that school staff fail to acknowledge them and/or treat them with respect. This goal has been developed to ensure students, parents, and staff are connected to the learning process and feel that they are a valuable and respected member of the school community.

Decrease the High School Drop out rate to 2%. Our current percentage of 5.4% reflects an ongoing need to focus on decreasing our High School Drop Out Rate and provide support to staff, students and parents.  
 Decrease Middle School Drop out rate progressively to 0%.

- Decrease Suspension Rate
- Decrease expulsion rate
- Maintain school facilities in good or exemplary repair
- Meet or exceed 95% attendance rate
- Decrease chronic absenteeism

The actions in goal 4 support the metrics listed above by providing support to students, staff and families in providing a safe, welcoming, respectful and rigorous learning environment for every member of the school community.

## Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24

## Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal number 4 was successfully implemented in all areas with the exception of attendance. In the area of attendance due to the impact of COVID-19 the district saw a significant decrease in attendance from 95% to 89%.

The overall implementation for Goal 4 was great. We were able to prevent increases to the district drop out rate.

Due to the impact of COVID many actions were not implemented including:

4.1 UCAN College Fair was cancelled due to COVID-19. None of the \$20,000 funds allocated were spent

4.2 Wellness center planned allocation was \$400,000 and actual expenditures were \$305,598. This was due to other monies from grants being available to use which saved \$94,402 of the planned allocation.

4.3 Unity Conference planned allocation was \$20,000; however due to COVID the event was virtual and no costs were incurred which saved \$20,000

4.4 Parent Ambassador Program planned allocation was \$95,753. With the need to communicate with parents due to COVID-19 at an increased level the district hired several additional Parent Ambassadors and the cost exceeded the allocation. Actual expenditures were \$126,158. The amount exceeded was \$30,405

4.5 Parent Engagement/Outreach planned expenditures were \$670,422 and actual expenditures were \$305,302

4.6 Innovative Education planned expenditures were \$150,000 and actual expenditures were \$330,431. Additional innovative strategies were utilized in an effort to engage parents and students to minimize the impact of COVID.

4.7 Induction Program planned expenditures were \$700,000 and actual expenditures were \$330,431. This is in part because less teachers were part of induction than in the past, so the allocated amount exceeded the amount needed.

4.8. Expanded transportation planned allocation is \$2,000,000 and actual expenditures totaled \$1,632,260 resulting in a savings of \$367,740

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Planned expenditures for Goal 4 was \$4,056,175 and actual expenditures were \$3,019,749. \$1,036,426 in planned expenditures were unused.

4.1 UCAN College Fair was cancelled due to COVID-19. None of the \$20,000 funds allocated were spent

- 4.2 Wellness center planned allocation was \$400,000 and actual expenditures were \$305,598. This was due to other monies from grants being available to use which saved \$94,402 of the planned allocation.
- 4.3 Unity Conference planned allocation was \$20,000; however due to COVID the event was virtual and no costs were incurred which saved \$20,000
- 4.4 Parent Ambassador Program planned allocation was \$95,753. With the need to communicate with parents due to COVID-19 at an increased level the district hired several additional Parent Ambassadors and the cost exceeded the allocation. Actual expenditures were \$126,158. The amount exceeded was \$30,405
- 4.5 Parent Engagement/Outreach planned expenditures were \$670,422 and actual expenditures were \$305,302
- 4.6 Innovative Education planned expenditures were \$150,000 and actual expenditures were \$330,431. Additional innovative strategies were utilized in an effort to engage parents and students to minimize the impact of COVID.
- 4.7 Induction Program planned expenditures were \$700,000 and actual expenditures were \$330,431. This is in part because less teachers were part of induction than in the past, so the allocated amount exceeded the amount needed.
- 4.8. Expanded transportation planned allocation is \$2,000,000 and actual expenditures totaled \$1,632,260 resulting in a savings of \$367,740

Overall implementation of Goal 4 was successful. CWA Behavioral specialists proved to be very valuable with the increase in SEL needs due to impact of COVID as was the supports for PBIS. The attendance specialists were very much needed due to the attention loss due to COVID and our Parent Ambassadors were invaluable in supporting our connections with students and communicating programs and resources available to parents and families. The actions along with the metrics support the district in providing a safe, welcoming, respectful and rigorous learning environment for every member of the school community by decreasing suspension and expulsion rates, maintaining a 95% attendance rate by decreasing chronic absenteeism, and increasing the number of community partners.

An explanation of how effective the specific actions were in making progress toward the goal.

The actions in Goal 4 have been very effective in making progress towards this goal. The high school drop out rates maintained it's progress at 5.4% even with COVID.

The suspension rate has decreased from 3.9% to 0% and the FY and AA suspension rates have decreased to 0% as well.

The expulsion rate remains at 0%

Chronic absenteeism has decreased from 16.3% to 15.7%. It remains a focus; however, the trend is decreasing

The number of community partners, student interns and Parent ambassadors have all increased

The number of parent meetings increased and are on track to meet our desired outcomes

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

- 4.4 Parent Ambassador planned allocation increased to \$120,000 to align with spending
- 4.5 Parent Engagement/Outreach decreased to \$500,000 to align with spending
- 4.6 Innovative Education planned allocation increased to \$200,000 to align with spending
- 4.7 Induction Program decreased to \$400,000 to align with spending

Metric Number of student interns was moved to Goal 2 to align with a more relevant goal

Metric the district will maintain Parent Ambassadors reflective of the district demographics was moved to goal 5 to align with a more relevant goal

Metric the district will maintain a functioning DELAC, AAAC, and CAC was moved to goal 5 to align with a more relevant goal

Metric the district will host one parent engagement conference annually was moved to goal 5 to align with a more relevant goal

Action 4.1 UCAN college Fair was moved to Goal 2 to align with a more relevant goal

Action 4.3 Unity Conference was moved to action 5.3 to align with a more relevant goal

Action 4.4 Parent Ambassador Program was moved to action 5.4 to align with a more relevant goal

Action 4.5 Parent Engagement/Outreach was moved to action 5.5 to align with a more relevant goal

Action 4.8 Expanded Transportation was moved to action 3.16 to align with a more relevant goal

Several metrics were added to this goal and moved from other goals as they were more closely aligned with goal 4. Metrics added include:

School facilities will be maintained in good or exemplary repair

Percentage of students who feel connected to school as measured by the CHKS 2019

Percentage of staff who feel school is a safe place as measured by CHKS 2019

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

# Goals and Actions

## Goal

Goal #	Description
5	Support effective communication throughout the district

An explanation of why the LEA has developed this goal.

With the implementation of distance learning the district observed parents experienced difficulty communicating through the parent portal. Research shows that increased parent engagement increases academic success and this goal is to promote effective communication and increase student achievement. During the school closures due to COVID-19 the district experienced a large drop in attendance from 94% to 86%

1. Increase the percent of parents/guardians that are meeting the 5 annual hours of parent engagement by 5% annually
2. Communicate the importance of attendance to parents
3. Maintain district wide attendance initiative

## Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023-24
Percent of Parents meeting the 5 annual hours of parent engagement	Original Baseline 50% Adjusted Baseline will be developed during the 22-23 school year	This year we had many parents participate in our Back to School Nights and Open Houses, as well as our DELAC, AAAC, and CAC Meetings. We also had the help of many parent volunteers at our schools. CAC Meetings focusing on parents of Unduplicated Pupils			2023-2024 Overall 90% AA 90% LI 90% EL 90% SWD 90% FY 90% Hisp 90%

## Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Due to the impact of COVID parents were not able to be on campus for events such as back to school night, open house, student awards and parent meetings. Because parents were not allowed on campus until the end of the year it made it difficult for us to carry out the planned events and monitor parental engagement. Due to COVID it was challenging initially to support parent participation and attendance at district events. Schools were able to successfully develop an online presence and support for parent participation.

Overall the implementation of Goal 5 was successful in multiple ways. The district was able to increase the number of parent ambassadors from 27 to 31. The 3 defined parent advisories including DELAC, AAAC and CAC all held meetings successfully using the zoom platform and the district was able to implement the attendance initiative

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Planned expenditures for the district wide attendance initiative were \$100,000 and actual expenditures were \$65,000 due to the impact of COVID 19 and getting off to a late start with this action. The remaining actions in this goal were moved from other goals and material differences were explained in the respective goals they were moved from.

An explanation of how effective the specific actions were in making progress toward the goal.

We did not meet our metrics for this goal due to the impact of COVID. However, for the 2022-2023 school year we are planning to implement all of the actions and meet the metrics aligned to this goal. In 2022-23 the 5 actions in this goal align to the metrics which will result in successful implementation of Goal 5 and metrics being met.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

An additional metric was added to support measuring parental engagement in a variety of ways.

The following metrics were added to goal 5 to support effective communication throughout the district

Percentage of parents meeting the 5 annual hours of parent engagement

Percent of parents and guardians actively accessing the Q Parent Connection Portal at least once monthly

The district will maintain Parent Ambassadors reflective of the district demographics

The district will maintain a functioning DELAC for parents of English Learners, AAAC for parents of African American Students, CAC for parents of students with disabilities

The district will host one parent engagement conference annually

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

# Goals and Actions

## Goal

Goal #	Description
6	Improve and increase services by proactively supporting students with disabilities to assist students in meeting graduation requirements

An explanation of why the LEA has developed this goal.

MVUSD was identified as eligible for Differentiated Assistance in the CA System of Support based on 2019 CA School Dashboard Outcomes for our students with disabilities. The district continued to analyze local data in more recent school years since CA Dashboard data was not published due to the COVID-19 pandemic.

The actions included in this goal of contracting support services align with the metrics of increasing the percent of time students with disabilities participate in the general education environment 80% of their day, decreasing the percent of students participating in the general education environment less than 40% of the day and increasing the high school graduation rate for Students with Disabilities will result in Improving and increasing services by proactively supporting students with disabilities to assist students in meeting graduation requirements.

## Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Increase the percent of time students with disabilities participate in the general education environment 80% or more of their day	49.62% (2019-2020 CDE Special Education Annual Performance Report)	N/A			53.2% of the time (CDE Special Education Annual Performance Report)
Decrease the percent of students participating in the general education environment less than 40% of the day	24.4% (2019-2020 CDE Special Education Annual Performance Report)	N/A			20.6% of the time (CDE Special Education Annual Performance Report)

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Increase high school graduation rate for Students with Disabilities	HS Graduation Rate (2019-2020 Dashboard rate) SWD: 77.7%	HS Graduate Rate (20-21 Dashboard Rate-Additional Report) 75.6%			HS Graduation Rate (Dashboard Rate) SWD 85%

## Actions

Action #	Title	Description	Total Funds	Contributing
6.1	Contracted support services	<ul style="list-style-type: none"> <li>Purchase IEP translation program to support district translators to expedite translation of IEP documents in order to obtain parent consent to the IEP, which will allow the student to receive the support and services necessary for the student to access their academic program.</li> <li>Hire teachers on temporary contracts to release permanent teachers who will become IEP Facilitators to support sites in completing comprehensive IEP meetings to address each student's individualized education needs.</li> <li>Contracted services to expand current behavioral and social emotional support by adding Registered Behavioral Technicians and Board Certified Behavioral Analyst</li> <li>Contracted agency to provide additional therapists for after school programs.</li> <li>Additional hours and/or sub hours to support additional translation needs of the district, including IEPs in order to obtain parent consent to the IEP, which will allow the student to receive the support and services necessary for the student to access their academic program.</li> <li>Art therapy and music therapy services: contractors to provide art/music therapy as a treatment for trauma and SEL.</li> </ul>	\$1,500,000.00	No

**The Budgeted Expenditures for Actions identified as Contributing may be found in the Contributing Actions Table.**

## Required Descriptions

For each action being provided to an entire school, or across the entire school district or county office of education (COE), an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

### 1.1 Professional Development Specialist District wide

The needs of Low Income students are considered primarily for this action. Our 2021 NWEA Math Data reflects EL students, 83% in reading and 88% in math reading below grade level. Low Income students, 58% in reading and 68% in mathematics are below grade level. Students with disabilities, 84% in reading and 88% in mathematics are below grade level. In order to address this need ongoing professional development which includes initial training, demonstration lessons, coplan/coteach, and observation and feedback, ensures that classroom teachers are effectively providing the most effective instruction to students which in turn increases their academic achievement. This action is being provided on an LEA-wide basis and we expect the EL, FY, and LI students will make progress towards green or blue in ELA and Math. This action is continuing and determined to be effective as expected by the annual staff professional development survey needs assessment. We expect to continue to increase the distance from standard in ELA and MATH.

### 1.2 District technology plan District wide

The needs of Low Income students are considered primarily for this action. For children in low income school districts, inadequate access to technology can hinder them from learning the technology skills that are crucial for success in today's economy. 84% of MVUSD students are considered low income. This specific action/service is principally directed towards, and is effective in increasing and improving technology

access for students and teachers. MVUSD's goal is to ensure equitable opportunities for every student. This action will be attained by providing Chromebooks to students, technology professional development for teachers and increasing technology access through a secure wireless network. This action is continued and considered effective based on maintaining an alignment of one to one devices and student enrollment. The district also continues to provide hot spots as needed to students to provide internet access at homes. We expect to maintain 100% 1:1 in grades TK-12 and eliminate the digital divide for MVUSD students.

### 1.3 Supplemental Instructional Materials District wide

The needs of LI, FY, and EL students were considered primarily for this action. Our 2021 NWEA Math Data reflects EL students, 83% in reading and 88% in math reading below grade level. Low Income students, 58% in reading and 68% in mathematics are below grade level. Students with disabilities, 84% in reading and 88% in mathematics are below grade level.. In order to address this need all students in MVUSD will be provided with supplemental instructional materials to access core curriculum. This action is being provided on an LEA-wide basis and we expect the EL, FY, and LI students will make progress towards green or blue in ELA and Math. This action is continuing and determined to be effective as expected by the increase in the distance from standard on SBAC ELA and MATH as follows ELA increases FY (+15.7) EL (+6.5) LI(+12.5),and increases in MATH FY (+11.4) EL (+6.1) LI (11.4) We expect to continue to increase the distance from standard in ELA and MATH.

### 1.4 Support for Head start and Preschool District wide

Our district needs assessment indicates that overall between 70 and 80% of unduplicated students enter kindergarten below standards and without attending preschool. This specific action/service is principally directed towards, and is effective in increasing and improving services to unduplicated students. Research shows that students who attend preschool do better in school and early intervention supports students by ensuring they are reading by 3rd grade. This action is continued and considered effective based on the increased number of students attending pre school. For 19/20 the preschool enrollment was 484. During the Pandemic enrollment decreased to 340 students. The enrollment for 21/22 is 572 which will result in many more students being prepared for kindergarten. We expect to maintain or increase the enrollment for preschool.

### 1.5 Provide Instructional and Support Staff District wide

Our 2021 NWEA Math Data reflects EL students, 83% in reading and 88% in math reading below grade level. Low Income students, 58% in reading and 68% in mathematics are below grade level. Students with disabilities, 84% in reading and 88% in mathematics are below grade level.. This specific action/service is principally directed towards, and is effective in increasing or improving services for 100% of our unduplicated students. MVUSD believes that we must Provide Instructional and Support Staff to increase student achievement. Many of our EL, FY, and LI students are achieving at below grade level standards. In order to ensure they have access to the core program it is necessary for us to provide access to the core program by offering smaller classes and support early literacy. At the high school level it is important to ensure access to scheduling and information enabling them to complete A to G offerings and support parents understanding of the A to G system.

Class size reduction to support learning and ensure teachers are able to monitor and provide interventions as needed in a small class size setting ensuring all student needs are met. The benefits of CSR as reported in the NEA Policy brief include: closing the achievement gap,

improved high school graduation rates and improved student behavior and a large reduction in discipline referrals. This supports and responds to our dashboard data and district focus areas and LCAP goals. Maintain central registration staff to support students and families in registering students in the most efficient and timely manner possible, so that when they enter the school site everything is taken care of and students are able to go to their classroom immediately upon entrance to the school. Out of ratio Staff to support student achievement

- Maintain Library Media Assistants to support literacy and ensure students have access to a wide variety of reading materials to promote reading Maintain Guidance Technicians to support student scheduling and ensure students have access to A to G compliant classes and complete all graduation requirements. This supports our counselors to provide students and parents with important information regarding graduation Maintain Language Assessment and Registration Center to support students and families 1.6 PAR District wide

This action is continuing and determined to be effective as expected by the increase in the distance from standard on SBAC ELA and MATH as follows ELA increases FY (+15.7) EL (+6.5) LI(+12.5),and increases in MATH FY (+11.4) EL (+6.1) LI (11.4) We expect to continue to increase the distance from standard in ELA and MATH.

#### 1.6 PAR District wide

The needs of LI, FY, and EL students were considered primarily for this action. Currently 2 teachers have voluntarily participated in the PAR program. Many of our EL, FY, and LI students are achieving at below grade level standards. In order to ensure they have access to the core program it is necessary for us to provide access to the core program by offering support to teachers not experiencing success in the classroom. Effective school research support that when veteran teachers are referred or volunteer for peer support to improve their skillset performance and instructional strategies students will achieve more academically. This action is continuing and determined to be effective based on less than five (5) teachers participating in PAR.

#### 1.7 Services for English Learners District wide limiting action

#### 1.8 Dual Language Immersion

This specific action/service is principally directed toward, and is effective in increasing or improving services for EL, LI and FY. Materials are purchased to expand and sustain components of bilingualism, biliteracy, and multiculturalism in the 90/10 dual immersion program. Although this program is not designed specifically for English Learners, research has shown that it has the most benefit for this population. This action is continuing and determined to be effective. The percent of students making progress towards English Language proficiency is 46.3% with a status of maintaining. We expect the percentage to increase.

#### 1.9 Project Moving Forward Elementary Schools

The needs of EL, LI and FY students were considered primarily for this action. Our 2021 NWEA Math Data reflects EL students, 83% in reading and 88% in math reading below grade level. Project Moving Forward (PMF) is a program that provides academic vocabulary

development to unduplicated students. Professional development is provided to ensure that the program is implemented with fidelity and to ensure maximum results. Although this program is not designed only for English Learners, research has shown that it has the most benefit for this population. This action is continuing and determined to be effective. The percent of students making progress towards English Language proficiency is 46.3% with a status of maintaining. We expect the percentage to increase.

#### 1.10 District wide Software Programs

The needs of LI, FY and EL students were considered primarily for this action. Our 2021 NWEA Math Data reflects EL students, 83% in reading and 88% in math reading below grade level. Low Income students, 58% in reading and 68% in mathematics are below grade level. Students with disabilities, 84% in reading and 88% in mathematics are below grade level. The intervention software programs are designed to track and monitor student progress. This allows teachers to diagnose specific areas of needs and design instructional programs to support students. This action is continuing and determined to be effective. The goal is to progressively increase the number of students who meet their expected growth as measured by the Achievement Status Growth report in the areas of Reading and Math on the interim MAP assessment with 50% or better of students. The baseline data is 49% with the expectation that will increase beyond the 50% target. This action is continuing and determined to be effective by the number of students meeting the Achievement Status Growth Report in the areas of Reading and Math on the Map Assessment. This action continues to be effective based on the number of unduplicated students meeting the achievement status growth report in the areas of Reading and Math on the Map Assessment.

#### 1.11 CWA Behavioral Support Specialist District wide moved to action 4.9

#### 1.12 Middle and High School PBIS Support Program Middle and High Schools moved to action 4.10

#### 1.13 Full Day kindergarten Elementary Schools

The needs of FY, EL, and LI students were considered primarily for this action. Our district needs assessment indicates that overall between 60 and 75% of unduplicated students enter kindergarten below standards and without attending preschool. Students participating in full day Kindergarten are projected to have increased achievement in comparison to those attending half day kindergarten. The additional time provided to kindergarteners allows students to learn fundamental skills at a deeper level resulting in higher academic achievement. This action is continuing and determined to be effective in decreasing the number of unduplicated students unprepared for kindergarten.

#### 1.14 Summer Learning Programs

The needs of LI, FY and EL students were considered primarily for this action. The graduation rate for all students based on the 2020 dashboard is 91.1% however for EL students it is 74.5% to address this need Summer Learning Programs will be implemented.

## Elementary and Middle School

This specific action/service is principally directed towards, and is effective in increasing or improving services for unduplicated students. It provides students with academic, social, and personal enrichment opportunities year. Programs focus on core subject areas, such as math and language, in addition to programs that spotlight team development and leadership skills.

## High Schools

This specific action/service is principally directed towards, and is effective in increasing or improving services for unduplicated students. Summer School provides students and opportunity to make up credits to meet "ag" classes and graduation requirements. In addition, students have opportunities to get ahead by taking classes, such as P.E. and Health which results in having a more flexible schedule in the fall.

This action is continuing and determined to be effective based on maintaining graduation rate over 90% for 20-21.

### 1.15 Site specific interventions and programs District wide

The needs of LI, FY and EL students were considered primarily for this action. Our 2021 NWEA Math Data reflects EL students, 83% in reading and 88% in math reading below grade level. Low Income students, 58% in reading and 68% in mathematics are below grade level. Students with disabilities, 84% in reading and 88% in mathematics are below grade level. This specific action/service is principally directed towards, and is effective in increasing or improving services for unduplicated students. Each school site has conducted a needs assessment and determined the specific programs, staffing and materials necessary to eliminate the achievement gap at their school site and increase student achievement. All actions and services provided support the district mission and strategic plan. This action is continuing and determined to be effective as expected by the increase in the distance from standard on SBAC ELA and MATH as follows ELA increases FY (+15.7) EL (+6.5) LI(+12.5),and increases in MATH FY (+11.4) EL (+6.1) LI (+11.4) We expect to continue to increase the distance from standard in ELA and MATH.

### 1.16 Reading by 3rd grade Initiative

The needs of LI, FY and EL students were considered primarily for this action. Our 2021 NWEA Math Data reflects EL students, 83% in reading and 88% in math reading below grade level. Low Income students, 58% in reading and 68% in mathematics are below grade level. Students with disabilities, 84% in reading and 88% in mathematics are below grade level. The needs of LI, FY and EL students were considered primarily for this action. This action is continuing and determined to be effective as expected by the increase in the distance from standard on SBAC ELA and MATH as follows ELA increases FY (+15.7) EL (+6.5) LI(+12.5),and increases in MATH FY (+11.4) EL (+6.1) LI (11.4) We expect to continue to increase the distance from standard in ELA and MATH.

### Action 1.17 Mental Health Supports

The needs of LI, FY and EL homeless students were considered primarily for this action. LCAP Survey: The results for Elementary and Secondary students indicate the need for more support in the area of SEL. In general Elementary results were more favorable than Secondary students. In the area of Sense of Belonging Elementary Students were at 71% and Secondary Students were only at 47%. Secondary student results indicate a drop of 24% from Elementary which indicate more supports are needed at the secondary level to ensure students feel a sense of well being. This specific action/service is principally directed toward, and is determined to be effective by the increase in the sense of belonging students feel. Both teachers and administrators have indicated that because of COVID they felt isolated and in need of Social Emotional supports as well. We expect to see an increase in the percentage of students favorably reporting a sense of belonging.

#### 2.1 VAPA District Wide

The needs of LI, FY and EL students were considered primarily for this action. Data from the 2019 California Healthy Kids Survey indicate only 72% of Elementary Students, 47% of middle school students and 42% of high school students feel connected to school. Providing more robust academic offerings to student through visual and performing arts, facilitates more student buy in to school and increases academic achievement. This action is continuing and determined to be effective with the expectation that the percentage of students who feel connected to school will increase by a minimum of 5%.

#### 2.2 Mentoring Programs District Wide

The needs of LI, FY and EL students were considered primarily for this action. Data from the Spring LCAP survey indicate that only 47% of secondary students feel a sense of belonging at school. The specific action/service is principally directed toward, and is effective in increasing student achievement and student engagement as well impacting Goal 2 and 3. Mentoring offered through group settings or 1 on 1 provides positive encouragement which boosts student self-esteem, motivation and strengthens communication skills. . Mentors stress the importance of school, academic rigor and organized study habits. Opportunities are provided for youth to learn how to appropriately relate to adults and others from diverse backgrounds.

#### 2.3 Alternative Options

Data from the Spring LCAP survey indicate that only 47% of secondary students feel a sense of belonging. Students attending Bayside Community Day School and March Valley Independent School have low credits which is attributed to the excessive absences incurred at the traditional high schools. Online programs/classes give students expanded opportunities to meet "a-g" classes and graduation requirements. Many of our unduplicated students are not successful at the traditional high school. Alternative options have been very successful in ensuring all students have the options needed to ensure they graduate from high school. These options include Bayside Community Day School and March Valley Independent School.

#### 2.4 Maintain a robust college and career program including Career Technical Education (CTE)

The needs of LI, FY, and EL students were considered primarily for this action. The 2020 Dashboard College Career Indicator indicates that 36.2% of All students are prepared. Foster students are 16.3%, LI Students 34.4% EL students 14.2%. This specific action/service is principally directed towards, and is effective in increasing or improving services for unduplicated students. This funding supports activities which promote College and Career Readiness for students. This action is continuing and determined to be effective as expected by the increase from the 2019 data: All students 33.7%, LI 31.8% EL 12.1%. This action will be effective in preparing increased students to be college and career ready.

#### 2.5 Maintain Director of College and Career Ready

The needs of LI, FY, and EL students were considered primarily for this action. The 2020 Dashboard College Career Indicator indicates that 36.2% of All students are prepared. Foster students are 16.3%, LI Students 34.4% EL students 14.2%. This specific action/service is principally directed towards, and is effective in increasing or improving services for unduplicated students. The Director, College and Career Ready oversees college and career readiness including Career Technical Education (CTE). This action is continuing and determined to be effective as expected by the increase from the 2019 data: All students 33.7%, LI 31.8% EL 12.1%.

#### 2.7 IB Program Sugar Hill ES, Vista Heights Middle and Canyon Springs High School

The needs of LI, FY, and EL students were considered primarily for this action. EL, FY, Homeless and Low Income students are all yellow on the CCI for the 2019 Fall Dashboard Data. This specific action/service is principally directed towards, and is effective in increasing or improving services for unduplicated students. The IB program works to develop challenging academic programs with rigorous assessment. The program encourages students to become lifelong learners and increase the number of students who are college and career ready. This action is determined to be effective as expected by the number of students graduating with an IB diploma.

#### 2.8 AVID District wide

The needs of LI, FY, and EL students were considered primarily for this action. EL, FY, Homeless and Low Income students are all yellow on the CCI for the 2019 Fall Dashboard Data. AVID is a college preparation program that assists students in meeting "ag" and college entrance requirements. Students in this program are more connected to school and have a high college going culture and acceptance rate to college. This action will be effective in ensuring students attend 4 year colleges as measured by college acceptance. This action is determined to be effective as expected by the number of students accepted to college.

#### 2.9 Asterisk Internship Program District wide

The needs of LI, FY, and EL students were considered primarily for this action. EL, FY, Homeless and Low Income students are all yellow on the CCI for the 2019 Fall Dashboard Data. The Asterisk program prepares students to be college and career ready with a focus on Career Technical Education (CTE). This action will be effective in ensuring students are College and Career ready. This action is determined to be effective as expected by the number of students who complete the program.

#### 2.10 AP Exam Fees Middle and High Schools

The needs of LI, FY, and EL students were considered primarily for this action. EL, FY, Homeless and Low Income students are all yellow on the CCI for the 2019 Fall Dashboard Data. This action reflects our ongoing focus in increasing our students' college readiness skills. Many of our students cannot afford to pay the costs of AP Exam Fees. This action is continuing and determined to be effective based on the increase from 37% passing the AP exam to current 46% passing rate.

#### 2.11 STEAM Program District Wide

The needs of LI, FY, and EL students were considered primarily for this action. The percentage of students who have completed at least one CTE course is only 10.2%. The STEAM programs in the district allow students to learn skills associated with STEAM and to prepare them for college and career in the STEAM fields. This action is determined to be effective by the improved status for EL, LI and FY students in the academic indicator for math. This action will result in students moving from yellow to orange on the dashboard.

#### 2.12 BARR Program District Wide

The needs of LI, FY, and EL students were considered primarily for this action. Data from the California Healthy Kids Survey indicate only 42% of high school students feel connected to school. The BARR programs in the district allow 9th grade students to learn skills associated with success in high school and to prepare them for college and career. This action is continuing and determined to be effective by a lower percentage of students receiving Ds and Fs. The expectation is that the percentage of high school students feeling connected to school will increase to 50%.

#### 2.13 Maintain contract with RCOE for CTE Program District Wide

The needs of LI, FY, and EL students were considered primarily for this action. EL, FY, Homeless and Low Income students are all yellow on the CCI for the 2019 Fall Dashboard Data. The CTE programs in the district allows students to learn viable career skills which is aligned with our mission statement that students will graduate high school prepared for college and or a viable career path. This contract ensures we have CTE staff who are industry trained and skilled in their areas of certification. This action is continuing and determined to be effective based on the increase in the number of unduplicated CTE completers.

#### 2.14 Provide Middle College Program District wide

The needs of LI, FY, and EL students were considered primarily for this action. The number of students participating in The Middle College program has decreased from 108 to 76 post pandemic. The Middle College program in the district allow students to earn an AA degree along

with their high school program and prepares them to enter college as a junior with college experience to ensure their success at a four year college. This action is continuing and determined to be effective based on the increase in the percentage of students earning college credit in 2018 of 6.2% to 11% for 2019. This action will result in more unduplicated students completing college credits while in high school.

### 2.15 UCAN College Fair High Schools

The needs of LI, FY, and EL homeless students were considered primarily for this action. Data quest 2021 4 year ACGR indicates that only 36.8% of AA students completed A to G Course Completion. African American students cite diversity as a priority when choosing a college and that Historically Black Colleges and Universities are increasingly being opted for. Other reasons for opting for HBCUs include more opportunities for scholarships, financial assistance, and greater opportunities to be around other African American students and teachers. This action will continue to be effective in providing alternative options for college and career preparedness for unduplicated students. This action will continue to be effective in increasing CCI for unduplicated students.

### 3.1 GATE Program District Wide

The needs of LI, FY, and EL students were considered primarily for this action. The A to G Completion rate for 2020 is 40% for all students, 36.8.1% for AA students and only 16.9% for EL students. Gifted learners need a differentiated curriculum that offers a variety of entry points for learners and stimulates them in challenging learning environments. This requires that teachers be provided with instructional strategies that are engaging and targeted to their individual strengths and interests. This action is continuing and determined to be effective as expected by the increase of African American Students A to G of 29% to 32.1%. It is expected that all student groups will progressively increase to 65%.

### 3.2 Increased School Site Support

The needs of LI, FY, and EL students were considered primarily for this action. The district attendance rate has dropped from 95% to 89% post pandemic. The increased supervision supported by additional administrators on campus allows supports a decrease in discipline referrals and suspensions. This action is continuing and determined to be effective. The status of Foster youth and Homeless students is improved and EL students maintained, all three groups experienced positive increase. It is expected that the suspension rate of unduplicated students will continue to improve and result in decreased suspension rates.

### 3.3 Social Workers District wide moved to action 4.11

### 3.4 Nurse District Wide moved to action 4.12

### 3.5 Foster Youth Services District wide limiting action

#### 3.6 Homeless Services District wide

The needs of LI, FY, and EL homeless students were considered primarily for this action. The 2019 Dashboard College Career Indicator indicates that 36.2% of All students are prepared. Foster students are 16.3%, LI Students 34.4% EL students 14.2% and homeless students 29.9% This specific action/service is principally directed towards and is effective in increasing or improving services for unduplicated students. Homeless services are primarily directed by our Homeless Liaison and include ensuring homeless students have shelter, clothing, meals and consistency to maximize their uninterrupted attendance at school. These students are at high risk of dropping out of school. The district is committed to ensuring these students are supported and able to maximize their potential and graduate high school college and career ready. This action is continuing and determined to be effective as expected by the increase from the 2019 data: All students 33.7%, LI 31.8% EL 12.1%. This action is determined to be effective by improved status for EL, LI, and FY students in CCI.

#### 3.7 Additional Counseling Staff District Wide

The needs of LI, FY, and EL homeless students were considered primarily for this action. Parents of LI, FY, and EL students experience a lack of knowledge of A to G courses and how to support a college going culture in the home. This results in a greater need for these students to be supported by counselors. This specific action/service is principally directed towards, and is effective in improving counselor to student ratios at all levels. At secondary level, greater student access to AG courses, early identification for appropriate academic interventions, credit recovery and/ or alternative education placements within the District. This action is determined to be effective by providing each elementary school with a fulltime counselor. Additional counselors will support the increase in A to G knowledge of parents and support in ensuring students are prepared for a college and/or career.

#### 3.8 Expand Athletics Middle and High schools

The needs of LI, FY, and EL homeless students were considered primarily for this action. Data from the 2019 California Healthy Kids Survey indicate 72% of Elementary Students, 47% of middle school students and 42% of high school students feel connected to school. Research shows that participation in sports not only improves physical health, sports also play a positive role in youth development including improved academic achievement, higher self-esteem, fewer behavioral problems and better psychosocial skills. This action will be effective with the expectation is that the percentage of students who feel connected to school will increase by a minimum of 5%. This action is continuing and determined to be effective by the increased number of students involved in athletics.

#### 3.9 Restructure admin positions District Wide

The needs of LI, FY, and EL students were considered primarily for this action. EL and LI students are yellow in suspension. FY are red in suspension and Homeless students are orange in suspension. The increased supervision supported by additional administrators on campus allows supports a decrease in discipline referrals and suspensions. This action is continuing and determined to be effective. The status of Foster youth and Homeless students is improved and EL students maintained, all three groups experienced positive increase. It is expected that the suspension rate of unduplicated students will continue to improve and result in decreased suspension rates. This action is continuing and determined to be effective by the decrease in suspension rates.

### 3.10 Safety and Security moved to 4.13

### 3.11 DATA/CALPADS Clerk District wide

The needs of LI, FY and EL students were considered primarily for this action. Our 2019 Fall Dashboard Data indicates that our EL, FY, LI students are orange and yellow in the ELA Indicator and Math Indicator. In order to track and monitor student needs it is necessary for accurate data to be input in the student information system. This allows teachers to diagnose specific areas of needs and design instructional programs to support students. This action is continuing and determined to be effective. The goal is to progressively increase the number of students who meet their expected growth as measured by the Achievement Status Growth report in the areas of Reading and Math on the interim MAP assessment with 50% or better of students. The baseline data is 49% with the expectation that will increase beyond the 50% target. This action is continuing and determined to be effective in decreasing the number of students in need of interventions.

### 3.12 Cal Safe Program March

The needs of LI, FY and EL students were considered primarily for this action. Data from the Fall 2019 Dashboard indicate Chronic Absenteeism for EL, FY, and LI and Homeless students is orange. Parenting students typically experience absenteeism due to meeting the needs of their children. The Cal Safe Program allows us to provide a comprehensive community linked school program for expectant and parenting students and their children. This program is continuing and determined to be effective and the result is increased positive attendance. This action will continue to be effective in increasing attendance.

### 3.13 Attendance Specialists District wide moved to action 4.14

### 3.14 Grant Writer

The needs of LI, FY, and EL homeless students were considered primarily for this action. The 2019 Dashboard College Career Indicator indicates that 36.2% of All students are prepared. Foster students are 16.3%, LI Students 34.4% EL students 14.2% and homeless students 29.9%. The grant writer is focused on writing grants to expand current practice or implement new practices that support increased

unduplicated student achievement. The grant writer has secured more than \$2 million in grants to support positive outcomes for unduplicated students. This action will continue to be effective in providing positive outcomes for students.

### 3.15 CWA Alternative Supports moved to 4:15

### 3.16 Expanded Regular Transportation

The needs of LI, FY, and EL homeless students were considered primarily for this action. The 2019 Dashboard Chronic Absenteeism Indicator is orange for All Students, EL, FY, Homeless and LI students. It is red for Students with Disabilities and African American Students. This expands the transportation boundary resulting in students arriving safely and on time for school and ensuring increased attendance. This action is continuing and determined to be effective. The chronic Absenteeism Indicator showed improvement for the All Students, EL, Foster Youth, African American and Maintained for LI and Students with Disabilities. The expectation is that all student groups show decreased incidents of chronic absenteeism.

### Action 3.17 Increased staffing

The needs of LI, FY, and EL and homeless students were considered primarily for this action. Our 2021 NWEA Math Data reflects EL students, 83% in reading and 88% in math reading below grade level. Low Income students, 58% in reading and 68% in mathematics are below grade level. Students with disabilities, 84% in reading and 88% in mathematics are below grade level. This action adds staff that directly provide services to students at school sites. In order to address the number of students below grade level it is necessary to add staffing to support the needs of the individual student. We expect this action to lead to increased student support and an increase in student achievement.

### 4.1 UCAN College Fair High Schools moved to action 2:15

### 4.2 Wellness Center District Wide

The needs of LI, FY, and EL homeless students were considered primarily for this action. Due to the pandemic the district experienced a tremendous increase in the number of families requiring support with food and other items. In addition the numbers experiencing homelessness increased. The Community Wellness Center is designed to eliminate barriers to learning by providing students with a school-based program that promotes health, safety and school engagement. There are provisions for basic needs such as clothes, food, laundry and shower facilities. Through community partnerships, the Center provides direct and indirect services with focused attention to homeless and students living in foster care. This action is continuing and determined to be effective based on the increased number of supports for families in need.

4.3 Unity Conference for families of MVUSD District wide moved to action 5.3

4.4 Parent Ambassadors District Wide moved to action 5.4

4.5 Parent Engagement District wide moved to 5.5

4.6 Innovative Education, Leadership Summit

The needs of LI, FY, and EL homeless students were considered primarily for this action. Our 2019 Fall Dashboard Data indicates that our EL, FY, LI students are orange and yellow in the ELA Indicator and Math Indicator. In order to address this need ongoing professional development for administrators and teacher leaders results in increased collaboration, knowledge of best practices leading to best instruction and increased student achievement. This action will be effective based on the increase from orange to blue and green for unduplicated students in the academic indicator for ELA and Math.

4.7 Induction Program

The needs of LI, FY, and EL homeless students were considered primarily for this action. Our 2019 Fall Dashboard Data indicates that our EL, FY, LI students are orange and yellow in the ELA Indicator and Math Indicator. In order to address this need ongoing professional development, ensures that brand new classroom teachers are effectively providing the most effective instruction to students which in turn increases their academic achievement. This action is being provided on an LEA-wide basis and we expect the EL, FY, and LI students will make progress towards green or blue in ELA and Math. This action is continuing and determined to be effective as expected by the increase in the distance from standard on SBAC ELA and MATH as follows ELA increases FY (+15.7) EL (+6.5) LI(+12.5),and increases in MATH FY (+11.4) EL (+6.1) LI (11.4) We expect to continue to increase the distance from standard in ELA and MATH. This provides staff development and mentoring for new teachers. This results in best first instruction for students and increased student achievement.

4.8 Expanded Regular Transportation moved to action 3.16

The needs of LI, FY, and EL homeless students were considered primarily for this action. The 2019 Dashboard Chronic Absenteeism Indicator is orange for All Students, EL, FY, Homeless and LI students. It is red for Students with Disabilities and African American Students. This expands the transportation boundary resulting in students arriving safely and on time for school and ensuring increased attendance. This action is continuing and determined to be effective. The chronic Absenteeism Indicator showed improvement for the All Students, EL,

Foster Youth, African American and Maintained for LI and Students with Disabilities. The expectation is that all student groups show decreased incidents of chronic absenteeism.

#### 4.9 CWA Behavioral Support Specialist District wide

The needs of FY students were considered primarily for this action. The suspension rate for all students is 5.8% and Foster Youth is 15.9%. The Behavioral Support Specialist provides positive behavioral and social/emotional structures for regular education students, staff and parents that have exhausted Tier I and Tier II school site resources. Based on referral data and observations, the goal is to provide training and modeling of positive teacher/student relationships; trauma informed practice and social emotional learning in order to reduce disciplinary incidents. This action is continuing and determined to be effective. The current percentage of FY Suspension was not measured due to COVID, however, we expect it to decrease by a minimum of 2%. This action is continued and determined to be effective by a decrease in the suspension rate for unduplicated students. This action continues to be effective by a decrease in the suspension rate for unduplicated students.

#### 4.10 Middle and High School PBIS Support Program Middle and High Schools

The needs of FY students were considered primarily for this action. The suspension rate for all students is 5.8% and Foster Youth is 15.9%. This action is targeted to reduce the disproportionate numbers of AA students and Foster Youth who are suspended, placed in Special Education and/or expelled from school. The focus of this program is alternatives to suspension. This action is continuing and determined to be effective. The current percentage of FY Suspension is 0. This action continues to be effective by a decrease in the suspension rates of unduplicated students.

#### 4.11 Social Workers District wide

The needs of LI, FY, and EL students were considered primarily for this action. EL and LI students are yellow in suspension. FY are red in suspension and Homeless students are orange in suspension. The Social Worker works with Student Services to provide and expand positive behavioral and social/emotional structures for high school students, staff and parents primarily at the BARR schools MVHS and VDL with the addition of VVHS in 2016-17. Services focus on 9th grade academic achievement, student engagement, reducing dropout rates and suspensions and increasing attendance. This action is continuing and determined to be effective as expected by decreasing the number of student suspensions.

#### 4.12 Nurse District Wide

The needs of LI, FY, and EL students were considered primarily for this action. LI, FY and EL students typically experience a lack of health care due to families unable to afford health insurance. The additional nurse provides fulltime health services to preschool students with disabilities housed at Rainbow Springs. Services include but not limited to special procedure training for medical fragile students, assessments, securing diagnostic evaluations from physicians, home visits and/or parent followup to ensure all student medical issues are resolved. This action is continuing and determined to be effective as expected by decreasing the ratio of nurses to students.

#### 4.13 Safety and Security

The needs of LI, FY, and EL students were considered primarily for this action. Chronic Absenteeism for 20-21 is 15.7%. This action ensures the safety of all students, staff and community members at all school sites an district buildings. This action is a priority identified by all stakeholders and the safety of our MVUSD community is vital. This action is continued and determined to be effective as safety and security staff have completed professional development to increase their connection with unduplicated students. This action is effective as evidenced by increased attendance rates of unduplicated students.

#### 4.14 Attendance Specialists District wide

The needs of LI, FY, and EL homeless students were considered primarily for this action. Chronic Absenteeism for 20-21 is 15.7% and district attendance has dropped from 95% to 89%. Attendance Specialists provide support for students experiencing chronic absenteeism. It allows us to promote daily attendance. Students must be in school daily to do well in school. Our district goal is to maintain a 95% or higher attendance rate. This program is continuing and determined to be effective in increasing attendance. This action will continue to be effective in increasing attendance.

#### 4.15 CWA Alternative Supports

The needs of LI, FY, and EL homeless students were considered primarily for this action. The 2019 Dashboard College Career Indicator indicates that only 36.2% of All students are prepared. Foster students are 16.3%, LI Students 34.4% EL students 14.2% and homeless students 29.9%. CWA Alternative Supports provide services that support Social Emotional Learning for unduplicated students and families to ensure success for all students. This action will continue to be effective in providing SEL supports for unduplicated students.

#### 5.1 Districtwide Attendance Initiative

The needs of LI, FY, and EL homeless students were considered primarily for this action. The 2019 Dashboard Chronic Absenteeism Indicator is orange for All Students, EL, FY, Homeless and LI students. It is red for Students with Disabilities and African American Students. The importance of school attendance is absolute and the district must partner with our parents to ensure students are in school everyday all day. This action is continuing and determined to be effective. The chronic Absenteeism Indicator showed improvement for the All Students, EL, Foster Youth, African American and Maintained for LI and Students with Disabilities. The expectation is that all student groups show decreased incidents of chronic absenteeism.

#### 5.2 Percent of parents and guardians actively accessing the Q parent Connection portal at least once a month

The needs of LI, FY, EL, and Homeless students were considered primarily for this action. Effective collaboration between families and the school system support and enhance student's educational experiences. This action supports the purchase of a software program to monitor parental usage of the parent portal. The portal allows parents to monitor grades, attendance and other important information necessary for

student success. We expect the percentage of parents accessing the parent portal once a month to increase leading to increases in student achievement.

### 5.3 Unity Conference for families of MVUSD District wide

The needs of LI, FY, and EL homeless students were considered primarily for this action. Parents of LI, FY, and EL students experience a lack of knowledge of A to G courses and how to support a college going culture in the home. This results in a greater need for these students to be supported by resources and programs available to their students. Families play an important role in the education of their children. Effective collaboration between families and the school system support and enhance student's educational experiences. Parental school involvement is linked to increased educational aspirations, positive school attitudes and academic success as well as lower absenteeism and behavior problems. The focus of the Unity Conference is to provide resources for families and is a parent engagement opportunity for unduplicated students. This action is continuing and determined to be effective based on the increase in number of unduplicated students who complete A to G coursework. This action will continue to be effective based on the increase in A to G completion rates.

### 5.4 Parent Ambassadors District Wide

The needs of LI, FY, and EL homeless students were considered primarily for this action. Parents of LI, FY, and EL students experience a lack of knowledge of A to G courses and how to support a college going culture in the home. This results in a greater need for these students to be supported by resources and programs available to their students. Parent Ambassadors are assigned to all sites for the purpose of increasing parent involvement by providing pertinent information on available district programs with a focus leading toward graduation aligned with the district's mission that all students will graduate college and career ready. This action is continuing and determined to be effective as expected by the increase in the number of unduplicated students completing A to G coursework. We expect to continue to increase the number of students completing A to G coursework.

### 5.5 Parent Engagement District

The needs of LI, FY, and EL homeless students were considered primarily for this action. Parents of LI, FY, and EL students experience a lack of knowledge of A to G courses and how to support a college going culture in the home. This results in a greater need for these families to be supported by resources and programs available to their students. Families play an important role in the education of their children. Effective collaboration between families and the school system support and enhance student's educational experiences. Parental school involvement is linked to increased educational aspirations, positive school attitudes and academic success as well as lower absenteeism and behavior problems. This action is continuing and determined to be effective as expected by the increase in the number of unduplicated students completing A to G coursework. We expect to continue to increase the number of students completing A to G coursework.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

The district plan is to increase services by 31.20%. Services will focus on increasing student achievement for unduplicated students in the areas of ELA and Math. We are continuing to focus on our P3 reading initiative with a goal to ensure all students are reading by 3rd grade. In addition the district will increase our focus on meeting the Social Emotional Needs of our students by providing an action specifically to address mental health and SEL issues. In wake of the Pandemic our focus on MTSS will continue to mitigate the impact of learning loss and support our expanded learning opportunities with a goal of 10,000 students attending our Superintendent's Summer Learning Academy.

In addition to all of the above actions, the LEA will fund actions 1.7 and 3.5 which will increase improved services to EL and FY by providing additional services targeted specifically for English Learner students and Foster Youth students.

#### 1.7 Services for English Learners District wide

The needs of EL students were considered primarily for this action. Our 2021 NWEA Math Data reflects EL students, 83% in reading and 88% in math reading below grade level. The goal of the English Learners program is to improve the English Language skills of English Learner students and immigrant students. This action is continuing and determined to be effective. During the 2018 Dashboard EL students were red in College and Career Indicator which improved to yellow. The percent of students making progress towards English Language proficiency is 46.3% with a status of maintaining. We expect the percentage to increase.

#### 3.5 Foster Youth Services District wide

The needs of Foster Youth were considered primarily for this action. Foster Students on the 2019 Fall Dashboard are red in the suspension indicator and orange in the chronic Absenteeism Indicator. Services provide resources to foster youth to reduce barriers to learning. The services provided focus on counseling, mentoring and tutoring to build connections and other support structures for our with youth to school with the goal of increasing attendance, decreasing the dropout rate, decreasing suspension rate and increasing graduate rates. This action is continuing and determined to be effective based on the +1.6 gain in the suspension rate indicator and the +2.4 chronic absenteeism indicator. Both indicator have a status of improved. The expectation is that the suspension indicator is at minimal orange.

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Additional concentration funding will be used to increase the number of classified and credential staff that provide direct services to pupils on school campuses. All schools in the district have greater than 55% unduplicated student enrollment in the prior year. These additional staffing positions provide increased support to students that was not previously provided. Additional counselors will support the SEL needs

of students. Additional teachers will provide support and interventions to students which will lead to increased student achievements. Campus supervisors and campus support aides will provide additional safety to school sites. Social workers will provide support to families in need such as our homeless students and those in need of outside resources to be successful. The ELD teacher will provide additional support for our Long Term English Learner students. The ASL and Mandarin teacher will provide increased opportunities for students to complete their A to G requirements.

- 33 Teachers
- 3 Counselors
- 4 Assistant Principals
- 3 Program Specialists
- 34 Custodians
- 3 Campus Supervisors 16 Campus Support Aides
- 8 Social workers
- 16.62 Campus Support Aides
- 1 ELD Teacher
- 1 ASL Teacher
- 1 Mandarin Teacher

Expenditures for the additional concentration grant add-on funding identified are located in Goal 3 action 17 (3.17)

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students	N/A	1:31
Staff-to-student ratio of certificated staff providing direct services to students	N/A	1:17

## [Goals and Actions](#)

## [Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

*For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [lcff@cde.ca.gov](mailto:lcff@cde.ca.gov).*

## Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning (California Education Code [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because aspects of the LCAP template require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
  - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
  - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
  - Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which should: (a) reflect comprehensive strategic planning (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2021–22, 2022–23, and 2023–24 school years reflects statutory changes made through Assembly Bill 1840 (Committee on Budget), Chapter 243, Statutes of 2018. These statutory changes enhance transparency regarding expenditures on actions included in the LCAP, including actions that contribute to meeting the requirement to increase or improve services for foster youth, English learners, and low-income students, and to streamline the information presented within the LCAP to make adopted LCAPs more accessible for educational partners and the public.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the California School Dashboard (Dashboard), how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions that the LEA believes, based on input gathered from educational partners, research, and experience, will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP itself. Additionally, information is included at the beginning of each section emphasizing the purpose that each section serves.

## **Plan Summary Purpose**

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to provide a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included in the subsequent sections of the LCAP.

## Requirements and Instructions

**General Information** – Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA. For example, information about an LEA in terms of geography, enrollment, or employment, the number and size of specific schools, recent community challenges, and other such information as an LEA wishes to include can enable a reader to more fully understand an LEA's LCAP.

**Reflections: Successes** – Based on a review of performance on the state indicators and local performance indicators included in the Dashboard, progress toward LCAP goals, local self-assessment tools, input from educational partners, and any other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying specific examples of how past increases or improvements in services for foster youth, English learners, and low-income students have led to improved performance for these students.

**Reflections: Identified Need** – Referring to the Dashboard, identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category or any local indicator where the LEA received a “Not Met” or “Not Met for Two or More Years” rating AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these areas of low performance and performance gaps? An LEA that is required to include a goal to address one or more consistently low-performing student groups or low-performing schools must identify that it is required to include this goal and must also identify the applicable student group(s) and/or school(s). Other needs may be identified using locally collected data including data collected to inform the self-reflection tools and reporting local indicators on the Dashboard.

**LCAP Highlights** – Identify and briefly summarize the key features of this year's LCAP.

**Comprehensive Support and Improvement** – An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

- **Schools Identified:** Identify the schools within the LEA that have been identified for CSI.
- **Support for Identified Schools:** Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.
- **Monitoring and Evaluating Effectiveness:** Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

## Engaging Educational Partners

## Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Statute and regulations specify the educational partners that school districts and COEs must consult when developing the LCAP: teachers, principals, administrators, other school personnel, local bargaining units of the LEA, parents, and students. Before adopting the LCAP, school districts and COEs must share it with the Parent Advisory Committee and, if applicable, to its English Learner Parent Advisory Committee. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Statute requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and students in developing the LCAP. The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals and actions.

Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the following web page of the CDE's website: <https://www.cde.ca.gov/re/lc/>.

## Requirements and Instructions

Below is an excerpt from the 2018–19 *Guide for Annual Audits of K–12 Local Education Agencies and State Compliance Reporting*, which is provided to highlight the legal requirements for engagement of educational partners in the LCAP development process:

### Local Control and Accountability Plan:

For county offices of education and school districts only, verify the LEA:

- a) Presented the local control and accountability plan to the parent advisory committee in accordance with Education Code section 52062(a)(1) or 52068(a)(1), as appropriate.
- b) If applicable, presented the local control and accountability plan to the English learner parent advisory committee, in accordance with Education Code section 52062(a)(2) or 52068(a)(2), as appropriate.

- c) Notified members of the public of the opportunity to submit comments regarding specific actions and expenditures proposed to be included in the local control and accountability plan in accordance with Education Code section 52062(a)(3) or 52068(a)(3), as appropriate.
- d) Held at least one public hearing in accordance with Education Code section 52062(b)(1) or 52068(b)(1), as appropriate.
- e) Adopted the local control and accountability plan in a public meeting in accordance with Education Code section 52062(b)(2) or 52068(b)(2), as appropriate.

**Prompt 1:** “A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.”

Describe the engagement process used by the LEA to involve educational partners in the development of the LCAP, including, at a minimum, describing how the LEA met its obligation to consult with all statutorily required educational partners as applicable to the type of LEA. A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA’s philosophical approach to engaging its educational partners.

**Prompt 2:** “A summary of the feedback provided by specific educational partners.”

Describe and summarize the feedback provided by specific educational partners. A sufficient response to this prompt will indicate ideas, trends, or inputs that emerged from an analysis of the feedback received from educational partners.

**Prompt 3:** “A description of the aspects of the LCAP that were influenced by specific input from educational partners.”

A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. The response must describe aspects of the LCAP that were influenced by or developed in response to the educational partner feedback described in response to Prompt 2. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP. For the purposes of this prompt, “aspects” of an LCAP that may have been influenced by educational partner input can include, but are not necessarily limited to:

- Inclusion of a goal or decision to pursue a Focus Goal (as described below)
- Inclusion of metrics other than the statutorily required metrics
- Determination of the desired outcome on one or more metrics
- Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
- Inclusion of action(s) or a group of actions
- Elimination of action(s) or group of actions
- Changes to the level of proposed expenditures for one or more actions

- Inclusion of action(s) as contributing to increased or improved services for unduplicated services
- Determination of effectiveness of the specific actions to achieve the goal
- Determination of material differences in expenditures
- Determination of changes made to a goal for the ensuing LCAP year based on the annual update process
- Determination of challenges or successes in the implementation of actions

## Goals and Actions

### Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal should be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

### Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs should consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard in determining whether and how to prioritize its goals within the LCAP.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

At a minimum, the LCAP must address all LCFF priorities and associated metrics.

## **Focus Goal(s)**

**Goal Description:** The description provided for a Focus Goal must be specific, measurable, and time bound. An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach. The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

**Explanation of why the LEA has developed this goal:** Explain why the LEA has chosen to prioritize this goal. An explanation must be based on Dashboard data or other locally collected data. LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners. LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

## **Broad Goal**

**Goal Description:** Describe what the LEA plans to achieve through the actions included in the goal. The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal. The goal description organizes the actions and expected outcomes in a cohesive and consistent manner. A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

**Explanation of why the LEA has developed this goal:** Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

## **Maintenance of Progress Goal**

**Goal Description:** Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP. Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP. The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

**Explanation of why the LEA has developed this goal:** Explain how the actions will sustain the progress exemplified by the related metrics.

## **Required Goals**

In general, LEAs have flexibility in determining what goals to include in the LCAP and what those goals will address; however, beginning with the development of the 2022–23 LCAP, LEAs that meet certain criteria are required to include a specific goal in their LCAP.

**Consistently low-performing student group(s) criteria:** An LEA is eligible for Differentiated Assistance for three or more consecutive years based on the performance of the same student group or groups in the Dashboard. A list of the LEAs required to include a goal in the LCAP based on student group performance, and the student group(s) that lead to identification, may be found on the CDE's Local Control Funding Formula web page at <https://www.cde.ca.gov/fg/aa/lc/>.

- **Consistently low-performing student group(s) goal requirement:** An LEA meeting the consistently low-performing student group(s) criteria must include a goal in its LCAP focused on improving the performance of the student group or groups that led to the LEA's eligibility for Differentiated

Assistance. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, this student group or groups. An LEA required to address multiple student groups is not required to have a goal to address each student group; however, each student group must be specifically addressed in the goal. This requirement may not be met by combining this required goal with another goal.

- **Goal Description:** Describe the outcomes the LEA plans to achieve to address the needs of, and improve outcomes for, the student group or groups that led to the LEA's eligibility for Differentiated Assistance.
- **Explanation of why the LEA has developed this goal:** Explain why the LEA is required to develop this goal, including identifying the student group(s) that lead to the LEA being required to develop this goal, how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the student group(s), and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes identified in the goal description.

**Low-performing school(s) criteria:** The following criteria only applies to a school district or COE with two or more schools; it does not apply to a single-school district. A school district or COE has one or more schools that, for two consecutive years, received the two lowest performance levels on all but one of the state indicators for which the school(s) receive performance levels in the Dashboard and the performance of the "All Students" student group for the LEA is at least one performance level higher in all of those indicators. A list of the LEAs required to include a goal in the LCAP based on school performance, and the school(s) that lead to identification, may be found on the CDE's Local Control Funding Formula web page at <https://www.cde.ca.gov/fg/aa/lc/>.

- **Low-performing school(s) goal requirement:** A school district or COE meeting the low-performing school(s) criteria must include a goal in its LCAP focusing on addressing the disparities in performance between the school(s) and the LEA as a whole. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, the students enrolled at the low-performing school or schools. An LEA required to address multiple schools is not required to have a goal to address each school; however, each school must be specifically addressed in the goal. This requirement may not be met by combining this goal with another goal.
- **Goal Description:** Describe what outcomes the LEA plans to achieve to address the disparities in performance between the students enrolled at the low-performing school(s) and the students enrolled at the LEA as a whole.
- **Explanation of why the LEA has developed this goal:** Explain why the LEA is required to develop this goal, including identifying the school(s) that lead to the LEA being required to develop this goal; how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the school(s); and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes for students enrolled at the low-performing school or schools identified in the goal description.

### **Measuring and Reporting Results:**

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes. LEAs are encouraged to identify metrics for specific student groups, as appropriate, including expected outcomes that would reflect narrowing of any existing performance gaps.

Include in the baseline column the most recent data associated with this metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2019 Dashboard for the baseline of a metric only if that data represents the most recent available (e.g., high school graduation rate).

Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS. Because final 2020–21 outcomes on some metrics may not be computable at the time the 2021–24 LCAP is adopted (e.g., graduation rate, suspension rate), the most recent data available may include a point in time calculation taken each year on the same date for comparability purposes.

The baseline data shall remain unchanged throughout the three-year LCAP.

Complete the table as follows:

- **Metric:** Indicate how progress is being measured using a metric.
- **Baseline:** Enter the baseline when completing the LCAP for 2021–22. As described above, the baseline is the most recent data associated with a metric. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 1 Outcome:** When completing the LCAP for 2022–23, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 2 Outcome:** When completing the LCAP for 2023–24, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 3 Outcome:** When completing the LCAP for 2024–25, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above. The 2024–25 LCAP will be the first year in the next three-year cycle. Completing this column will be part of the Annual Update for that year.
- **Desired Outcome for 2023–24:** When completing the first year of the LCAP, enter the desired outcome for the relevant metric the LEA expects to achieve by the end of the 2023–24 LCAP year.

Timeline for completing the “**Measuring and Reporting Results**” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for Year 3 (2023–24)
Enter information in this box when completing the LCAP for <b>2021–22</b> .	Enter information in this box when completing the LCAP for <b>2021–22</b> .	Enter information in this box when completing the LCAP for <b>2022–23</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2023–24</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2024–25</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2021–22</b> or when adding a new metric.

The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant self-reflection tool for local indicators within the Dashboard.

**Actions:** Enter the action number. Provide a short title for the action. This title will also appear in the action tables. Provide a description of the action. Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the summary tables. Indicate whether the action contributes to meeting the increase or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No. (**Note:** for each such action offered on an LEA-wide or schoolwide basis, the LEA will need to provide additional information in the Increased or Improved Summary Section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496(b) in the Increased or Improved Services Section of the LCAP).

**Actions for English Learners:** School districts, COEs, and charter schools that have a numerically significant English learner student subgroup must include specific actions in the LCAP related to, at a minimum, the language acquisition programs, as defined in EC Section 306, provided to students and professional development activities specific to English learners.

**Actions for Foster Youth:** School districts, COEs, and charter schools that have a numerically significant Foster Youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to Foster Youth students.

**Goal Analysis:**

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.
- Describe the effectiveness of the specific actions to achieve the articulated goal as measured by the LEA. In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal. When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.

## **Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students**

### **Purpose**

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

### **Requirements and Instructions**

**Projected LCFF Supplemental and/or Concentration Grants:** Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of low income, foster youth, and English learner students.

**Projected Additional LCFF Concentration Grant (15 percent):** Specify the amount of additional LCFF concentration grant add-on funding, as described in EC Section 42238.02, that the LEA estimates it will receive in the coming year.

**Projected Percentage to Increase or Improve Services for the Coming School Year:** Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR Section 15496(a)(7).

**LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

**LCFF Carryover — Dollar:** Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

**Total Percentage to Increase or Improve Services for the Coming School Year:** Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEAs percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section 15496(a)(7).

#### **Required Descriptions:**

**For each action being provided to an entire school, or across the entire school district or COE, an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.**

For each action included in the Goals and Actions section as contributing to the increased or improved services requirement for unduplicated pupils and provided on an LEA-wide or schoolwide basis, the LEA must include an explanation consistent with 5 CCR Section 15496(b). For any such actions continued into the 2021–24 LCAP from the 2017–2020 LCAP, the LEA must determine whether or not the action was effective as expected, and this determination must reflect evidence of outcome data or actual implementation to date.

**Principally Directed and Effective:** An LEA demonstrates how an action is principally directed towards and effective in meeting the LEA’s goals for unduplicated students when the LEA explains how:

- It considers the needs, conditions, or circumstances of its unduplicated pupils;
- The action, or aspect(s) of the action (including, for example, its design, content, methods, or location), is based on these considerations; and
- The action is intended to help achieve an expected measurable outcome of the associated goal.

As such, the response provided in this section may rely on a needs assessment of unduplicated students.

Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient. Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increase or improve services standard because enrolling students is not the same as serving students.

For example, if an LEA determines that low-income students have a significantly lower attendance rate than the attendance rate for all students, it might justify LEA-wide or schoolwide actions to address this area of need in the following way:

After assessing the needs, conditions, and circumstances of our low-income students, we learned that the attendance rate of our low-income students is 7 percent lower than the attendance rate for all students. (Needs, Conditions, Circumstances [Principally Directed])

In order to address this condition of our low-income students, we will develop and implement a new attendance program that is designed to address some of the major causes of absenteeism, including lack of reliable transportation and food, as well as a school climate that does not emphasize the importance of attendance. Goal N, Actions X, Y, and Z provide additional transportation and nutritional resources as well as a districtwide educational campaign on the benefits of high attendance rates. (Contributing Action[s])

These actions are being provided on an LEA-wide basis and we expect/hope that all students with less than a 100 percent attendance rate will benefit. However, because of the significantly lower attendance rate of low-income students, and because the actions meet needs most associated with the chronic stresses and experiences of a socio-economically disadvantaged status, we expect that the attendance rate for our low-income students will increase significantly more than the average attendance rate of all other students. (Measurable Outcomes [Effective In])

**COEs and Charter Schools:** Describe how actions included as contributing to meeting the increased or improved services requirement on an LEA-wide basis are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above. In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

### **For School Districts Only:**

#### **Actions Provided on an LEA-Wide Basis:**

**Unduplicated Percentage > 55 percent:** For school districts with an unduplicated pupil percentage of 55 percent or more, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above.

**Unduplicated Percentage < 55 percent:** For school districts with an unduplicated pupil percentage of less than 55 percent, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the actions **are the most effective use of the funds** to meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

#### **Actions Provided on a Schoolwide Basis:**

School Districts must identify in the description those actions being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis.

**For schools with 40 percent or more enrollment of unduplicated pupils:** Describe how these actions are principally directed to and effective in meeting its goals for its unduplicated pupils in the state and any local priorities.

**For school districts expending funds on a schoolwide basis at a school with less than 40 percent enrollment of unduplicated pupils:** Describe how these actions are principally directed to and how the actions are the most effective use of the funds to meet its goals for foster youth, English learners, and low-income students in the state and any local priorities.

**A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.**

Consistent with the requirements of 5 CCR Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to the services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are included in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided on an LEA-wide or schoolwide basis or provided on a limited basis to unduplicated students. A limited action is an action that only serves foster youth, English learners, and/or low-income students. This description must address how these action(s) are expected to result in the required proportional increase or improvement in services for unduplicated pupils as compared to the services the LEA provides to all students for the relevant LCAP year.

For any action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage. See the instructions for determining the Planned Percentage of Improved Services for information on calculating the Percentage of Improved Services.

**A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.**

An LEA that receives the additional concentration grant add-on described in EC Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of full time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

## Action Tables

Complete the Data Entry Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Data Entry Table, the Annual Update Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. With the exception of the Data Entry Table, the word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)

- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2022–23 LCAP, 2022–23 will be the coming LCAP Year and 2021–22 will be the current LCAP Year.

## Data Entry Table

The Data Entry Table may be included in the LCAP as adopted by the local governing board or governing body, but is not required to be included. In the Data Entry Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount of LCFF funding the LEA estimates it will receive for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 CCR Section 15496(a)(8).  
See EC sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF apportionment calculations.
- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will receive on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.

- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action is included as contributing to meeting the increased or improved services; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services.
- If "Yes" is entered into the Contributing column, then complete the following columns:
  - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
  - **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
  - **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
    - **Note:** For an action to contribute towards meeting the increased or improved services requirement it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
  - **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
  - **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
  - **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
  - **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
  - **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
    - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.
- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Service for the action.

## Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

## Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

## Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
  - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

## LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of LCFF funding the LEA estimates it will receive for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 CCR Section 15496(a)(8).

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

## Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

### Contributing Actions Table

- 4. Total Planned Contributing Expenditures (LCFF Funds)
  - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column
- 5. Total Planned Percentage of Improved Services
  - This percentage is the total of the Planned Percentage of Improved Services column
- Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)
  - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

### Contributing Actions Annual Update Table

- Pursuant to EC Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”
- 6. Estimated Actual LCFF Supplemental and Concentration Grants
    - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
  - 4. Total Planned Contributing Expenditures (LCFF Funds)
    - This amount is the total of the Last Year’s Planned Expenditures for Contributing Actions (LCFF Funds)

- 7. Total Estimated Actual Expenditures for Contributing Actions
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds)
- Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4)
- 5. Total Planned Percentage of Improved Services (%)
  - This amount is the total of the Planned Percentage of Improved Services column
- 8. Total Estimated Actual Percentage of Improved Services (%)
  - This amount is the total of the Estimated Actual Percentage of Improved Services column
- Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8)

**LCFF Carryover Table**

- 10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 + Carryover %)
  - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
  - 11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)
    - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
  - 12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)
    - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.
- The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- 13. LCFF Carryover — Percentage (12 divided by 9)
  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).
