Executive Summary School Accountability Report Card, 2011–12 For Riverside County Opportunity

Address:	PO Box 868, Riverside, CA, 92501-0868	Phone:	(951) 826-6464
Principal:	Richard M. Collins, Executive Director, Alternative Education	Grade Span:	K-12

This executive summary of the School Accountability Report Card (SARC) is intended to provide parents and community members with a quick snapshot of information related to individual public schools. Most data presented in this report are reported for the 2011–12 school year. School finances and school completion data are reported for the 2010–11 school year. Contact information, facilities, curriculum and instructional materials, and select teacher data are reported for the 2012–13 school year. For additional information about the school, parents and community members should review the entire SARC or contact the school principal or the district office.

About This School

The Riverside County Office of Education (RCOE) Alternative Education Opportunity School (Cal-SAFE Program) staff, under the guidance and leadership of the RCOE Executive Director of Alternative Education, is committed to providing the best educational program possible for the students. The staff is dedicated to ensuring that the Cal-SAFE Program, in compliance with specific Cal-SAFE Program statutes, provides a comprehensive, continuous, and community linked school-based program. The focus of the program is on the youth development and dropout prevention for pregnant and parenting pupils.

The Cal-SAFE program serves pregnant and parenting students, including parenting young men, who have not completed high school. Students receive an appropriate academic program, as well as preparation for childbirth and parenting, career information and/or career technical education, agency referrals for health and social services, and a supportive atmosphere and networking system to meet the students' individual needs. Childcare is available for infants, toddlers and preschoolers of students who are enrolled in the program.

The goals of the RCOE Alternative Education Cal-SAFE Program include serving eligible female and male pupils in need of targeted supportive services, providing students the opportunity to be continuously enrolled in the Cal-SAFE program through graduation, and to assist students in earning a high school diploma or its equivalent, to assist students in the transition into post-secondary education and productive lives, to assist in developing effective parenting skills, and to provide children of enrolled teen parents with child care and development services, health screenings, immunizations, and enhanced school readiness.

RCOE Mission Statement:

The Mission of the Riverside County Office of Education is to ensure the success of all students through extraordinary service, support, and partnerships.

Alternative Education Mission Statement:

The Mission of the Riverside County Alternative Education Community Schools Program is to inspire students to meet their full potential.

School Facilities

Summary of Most Recent Site Inspection

RCOE staff conducts site facility inspections regularly. All school sites are clean, safe, and functional and kept in good repair and working order. Custodial services are provided through private vendors, or the district with whom we partner, and directly by RCOE staff. Repairs and maintenance services are completed in a timely manner and service as repair work orders are given the highest priority.

The Opportunity School classrooms operated by the County Office of Education under this CDS code are located on seven sites and occupied through contractual agreements with school districts or at regional learning centers operated and maintained by RCOE staff. The facility department inspected all community classrooms during the 2011-2012 school year and the sites are clean, safe, functional, and in good repair and working order.

Additional regional learning centers are in the planning stage and offer a full range of program types, including community schools, Cal-SAFE, Independent Study, Special Education, and the Career Technical Education Program.

The RCOE Alternative Education Program participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing or plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

For the 2011 – 12 school year, redevelopment funds were contributed to the Deferred Maintenance program, along with matching funds from the state.

Repairs Needed

All Opportunity School sites are maintained on a regular basis and kept in good repair. Sites are checked regularly by site and maintenance staff to ensure safety regulations are met and that all city, state, and federal regulations are met. Repairs and maintenance are performed regularly by RCOE staff, and emergency repairs are conducted immediately upon notification to appropriate staff.

Corrective Actions Taken or Planned

All corrective actions are noted and taken care of within a timely manner.

School Accountability Report Card

Reported Using Data from the 2011–12 School Year

Published During 2012–13

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

Ed-Data Partnership Web Site

Ed-Data is a partnership of the CDE, EdSource, and the Fiscal Crisis and Management Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

RCOE Mission Statement:

The mission of the Riverside County Office of Education is to ensure the success of all students through extraordinary service, support, and partnerships.

Alternative Education Mission Statement:

The Mission of the Riverside County Alternative Education Community Schools Program is to inspire students to meet their full potential.

Opportunities for Parental Involvement (School Year 2011–12)

Parent involvement is critical to the success of students and highly encouraged by RCOE staff. Parents have the opportunity to become involved through the following options:

- Enrollment
- Parent/teacher conferences (formal and informal)
- IEP process
- Volunteers
- School Site Council
- English Learner Advisory Council
- District English Learner Advisory Council
- Parent Activity Nights
- Student Events

Anyone interested in volunteering in any capacity may contact the Alternative Education Program by calling the county office at (951) 826-6465.

III. School Climate

School Safety Plan (School Year 2011–12)

The RCOE School Safety Plan is updated annually by March 1st of each school year by county. During the 2011-12 school year, the plan was reviewed and updated in July 2011 and discussed with school faculty and administrators in September 2011. The School Safety Plan is discussed regularly at leadership and management team meetings.

The Safety Plan includes information intended to identify elements and resources important in improving school safety and preventing campus violence throughout the county and is categorized into assessment data, funding sources, discipline policies and practices, professional development, counseling and guidance, collaboration, programs and strategies, and campus security. Relevant data is reviewed to identify school safety issues (e.g., California Healthy Kids Survey, school crime data, suspensions and expulsions, counseling referrals, law enforcement reports, etc.).

Available funding sources targeted to address school safety issues at RCOE come from Title IV (Part A), Safe and Drug-Free School and Communities Act, State Grant Program funds, No Child Left Behind partial funds that are transferred from other program areas and from State AB 1113, School Safety and Violence Prevention Act, and local funding resources.

Positive Learning Environment & Discipline:

Counseling, guidance, psychological services, and social services are available to all students. Mental health, probation and law enforcement agencies are actively involved in the activities that contribute to improving the safety of the school environment at RCOE. Prevention/intervention programs are used to create a safe drug-free learning environment. Some of the issues addressed through these programs that impact students are:

- Gang Risk Intervention
- Conflict Management
- Classroom Management
- Hate Violence-Motivated Behavior
- Harassment
- Child Abuse Reporting

Existing school discipline rules and procedures are reviewed at the beginning of each school year to ensure they address student behavior problems and school safety issues. The rules and the procedures are given to all students and parents upon enrollment explaining codes of conduct, unacceptable behavior, and disciplinary consequences. The dress code states that students should be dressed appropriately for normal school activities and that students' attire should reflect pride and respect. Health and safety are guides to acceptable school attire.

Suspensions and Expulsions

Rate*	School 2009–10	School 2010–11	School 2011–12	District 2009–10	District 2010–11	District 2011–12
Suspensions	(5)	(14)	31.9% (15)	(879)	(1,331)	95% (1,150)
Expulsions	N/A	N/A	N/A	N/A	N/A	N/A

* The rate of suspensions and expulsions is calculated by dividing the total number of incidents by the total enrollment.

****Total number of suspensions is reflected in parenthesis in the chart above.**

IV. School Facilities

School Facility Conditions and Planned Improvements (School Year 2012–13)

The RCOE Alternative Education Program expects Cal-SAFE students to arrive to school on time and to leave directly from the site upon the end of the school day. All school site visitors are required to enter the school through a designated door where they are asked to check-in and sign a log stating their presence and their reason for visiting. There are postings on the exterior grounds that clearly depict the limits and controls regarding unauthorized access to school; premises during the school day.

Classrooms for Cal-SAFE students are housed in Learning Community Centers throughout the county where the programs and the personnel are managed and maintained by RCOE staff and on school district high school campuses. Students have access to the space available at the site for the recreation and physical education. Child care rooms and facilities are present at each of the Cal -SAFE schools and each site location has facility accommodations for both students and staff. All school sites are clean, safe, and functional and kept in good repair and working order.

Custodial services are provided through private vendors, the district with whom we partner, and directly by RCOE staff. Repairs and maintenance services are completed in a timely manner at all locations. Service as repair work orders are given the highest priority.

The Cal-SAFE classrooms and child care nurseries operated by the County Office of Education under the CDS code are located in a variety of structures including leased commercial property, district-held high school campuses, and Riverside County Office of Education owned regional learning centers. Beginning in 2001, the county office began to build regional centers; schools built from the ground up designed to serve the needs of our students. Nine of these centers have been budgeted and will allow the storefronts served in the respective regions to relocate to the regional center.

The RCOE Alternative Education Program participates in the State School Deferred Maintenance Program, which provides state matching funds on the dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

For the 2011 – 12 school year, redevelopment funds were contributed to the Deferred Maintenance program, along with matching funds from the state.

Misassignments of Teachers of English Learners	0	0	0
Total Teacher Misassignments*	0	0	0
Vacant Teacher Positions	0	0	0

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

* *Total Teacher Misassignments* includes the number of *Misassignments of Teachers of English Learners*.

Core Academic Classes Taught by Highly Qualified Teachers (School Year 2011–12)

The Federal Elementary and Secondary Education Act (ESEA), also known as No Child Left Behind (NCLB), requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE *Improving Teacher and Principal Quality* Web page at: <http://www.cde.ca.gov/nclb/sr/tq/>

Location of Classes	Percent of Classes In Core Academic Subjects Taught by Highly Qualified Teachers	Percent of Classes In Core Academic Subjects Not Taught by Highly Qualified Teachers

All Schools in District	100.00%	0.00%
High-Poverty Schools in District	100.00%	0.00%
Low-Poverty Schools in District	100.00%	0.00%

Note: High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 25 percent or less in the free and reduced price meals program.

VI. Support Staff

Academic Counselors and Other Support Staff (School Year 2011–12)

Title	Number of FTE* Assigned to School	Average Number of Students per Academic Counselor
Academic Counselor	0	0
Counselor (Social/Behavioral or Career Development)	3.5	
Library Media Teacher (librarian)	0	
Library Media Services Staff (paraprofessional)	0	
Psychologist	0	
Social Worker	0	
Nurse	0	
Speech/Language/Hearing Specialist	0	
Resource Specialist (non-teaching)	0	
Other	0	

Note: Cells shaded in black do not require data.

* One Full-Time Equivalent (FTE) equals one staff member working full-time; one FTE could also represent two staff members who each work 50 percent of full-time.

VII. Curriculum and Instructional Materials

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2012–13)

This section describes whether the textbooks and instructional materials used at the school are from the most recent adoption; whether there are sufficient textbooks and instructional materials for each student; and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

Year and month in which data were collected: August 2012

Core Curriculum Area	Textbooks and instructional materials/year of adoption	From most recent adoption?	Percent students lacking own assigned copy
Reading/Language Arts	2012	Yes	0.0%
Mathematics	2012	Yes	0.0%
Science	2012	Yes	0.0%
History-Social Science	2012	Yes	0.0%
Foreign Language	2012	Yes	0.0%
Health	2012	Yes	0.0%
Visual and Performing Arts	N/A	N/A	N/A
Science Laboratory Equipment (grades 9-12)	2012	Yes	0.0%

Pursuant to Education Code Section 60119, a Public Hearing was held to determine that each pupil enrolled in a school has sufficient textbooks or instructional materials, or both, that are aligned to the content standards adopted pursuant to Education Code Section 60605 in each of the following subjects, as appropriate, that are consistent with the content and cycles of the curriculum framework adopted by the state board: Mathematics, Science, History-Social Science, English/Language Arts, including the English Language development component of an adopted program, foreign language and health courses. The governing board shall also make a written determination as to whether each pupil enrolled in a foreign language or health course has sufficient textbooks or instructional materials that are consistent with the content and cycles of the curriculum frameworks adopted by the state board for those subjects. The governing board shall also determine the availability of laboratory science equipment as applicable to science laboratory courses offered in grades 9 to 12, inclusive.

Resolution No. 05-13 confirms that each pupil enrolled has sufficient textbooks or instructional materials that are consistent with the content and cycles of the curriculum frameworks adopted by the state board for those subjects.

The Riverside County Board of Education approved two courses designed to meet Riverside County Office of Education and California Department of Education standards and is designed as high interest classes for students. Course titles include Edge Level A (Middle School), Edge Level B (High School), Edge Level C, Assessment and Teacher Support Materials. Olweus Bullying course titles include Bullying DVD (Elementary and Middle School), Class Meetings, Olweus Schoolwide DVD, Administrator Packet, and Teacher Guide with DVD. These courses/materials were added to the Course of Study to be implemented at each site.

A complete list of adopted textbooks is available for review, upon request.

VIII. School Finances

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2010–11)

Level	Total Expenditures Per Pupil	Expenditures Per Pupil (Supplemental / Restricted)	Expenditures Per Pupil (Basic / Unrestricted)	Average Teacher Salary

IX. Student Performance

Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **California Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at <http://star.cde.ca.gov>.

California High School Exit Examination

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade ten results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics to compute AYP designations required by the federal ESEA, also known as NCLB.

For detailed information regarding CAHSEE results, see the CDE CAHSEE Web site at <http://cahsee.cde.ca.gov/>.

California Physical Fitness Test Results (School Year 2011–12)

The California Physical Fitness Test (PFT) is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting the fitness standards for the most recent testing period. For detailed information regarding this test, and comparisons of a school's test results to the district and state, see the CDE *PFT* Web page at <http://www.cde.ca.gov/ta/tg/pf/>.

Grade Level	Percent of Students Meeting Fitness Standards

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE *API* Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

Academic Performance Index Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The **statewide API rank** ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2009	2010	2011

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

For detailed information about AYP, including participation rates and percent proficient results by student group, see the CDE *AYP Web page* at <http://www.cde.ca.gov/ta/ac/ay/>.

Adequate Yearly Progress Overall and by Criteria (School Year 2011–12)

AYP Criteria	School	District
Made AYP Overall	Yes	No
Met Participation Rate - English-Language Arts	Yes	No
Met Participation Rate - Mathematics	Yes	No
Met Percent Proficient - English-Language Arts	Yes	No
Met Percent Proficient - Mathematics	Yes	No
Met API Criteria	N/A	No
Met Graduation Rate	Yes	Yes

Federal Intervention Program (School Year 2012–13)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE *PI Status Determinations Web page*: <http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp>.

XI. School Completion and Postsecondary Preparation

Admission Requirements for California’s Public Universities

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state’s high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work.

For general admissions requirements, please visit the *UC Admissions Information* Web page at <http://www.universityofcalifornia.edu/admissions/>. (Outside source)

California State University

Eligibility for admission to the California State University (CSU) is determined by three factors:

- Specific high school courses
- Grades in specified courses and test scores
- Graduation from high school

Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information see the *CSU Web page* at

<http://www.calstate.edu/admission/admission.shtml>. (Outside source)

XII. Instructional Planning and Scheduling

Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

Staff training and development is conducted throughout the school year in the form of training sessions for all site and management staff. At the beginning of each school year, an annual kick-off event is held for all staff, which includes an overview of programs and services, and presentations on current education topics, such as special education, increasing student achievement, and other topics to help improve student performance.

During the 2011-12 school year, staff training and development included the Summer Institute for Learning and Knowledge (SILK); Capturing Kids Hearts; Holt Algebra Readiness; PLATO Online Learning; Positive Behavioral Interventions and Supports (PBIS); Crisis Prevention and Intervention (CPI); and other trainings and staff development days specifically designed to improve teacher and student performance. In addition, staff participates in Professional Learning Communities (PLC) each Wednesday.

During the 2010 – 11 school year, staff training and development included Holt Algebra Readiness; California English Language Development Test (CELDT); Positive Behavioral Interventions and Supports (PBIS); Choices; PLATO Online Learning; Project Delta; Teen Leadership; Process Champions; Summer Institute for Learning and Knowledge (SILK); RenLearn, and other trainings and staff development days specifically designed to improve teacher and student performance. Each Wednesday staff was given a minimum day to provide staff training time which included Professional Learning Communities (PLC).

During the 2009 – 10 school year, staff training and development included Language! Training; Capturing Kids Hearts; Successfully Implementing Supplemental Educational Services; Gallup training; and other trainings and staff development days specifically designed to improve teacher and student performance.

Each Wednesday staff was given a minimum day to provide staff training time which included Professional Learning Communities (PLC) one Wednesday per month. Trainings on positive behavior supports and direct instruction were followed by individual classroom visits by the presenters in order to provide guidance and assistance to those who needed additional support.
