### School Description

The Alternative Education Community School provides a comprehensive instructional program for district referred students (expelled, SARB, parenting teens) and Probation referred students (pursuant to Sections 300, 601, 602, and 654 of the Welfare and Institutions Code). The Riverside County Superintendent of Schools, in conjunction with the 23 school districts in Riverside County, developed the county-wide plan for providing educational services to expelled students within the county pursuant to Education Code §48926. The RCOE Community School program includes the classroom-based program for expelled students or SARB/DARB referred students, independent study, and the program for parenting teens (formerly Cal-SAFE).

The Community School program is WASC accredited and serves the educational needs of a unique and diverse student population. The instructional program is focused on the California standards along with rigorous and relevant learning activities that include project-based learning, high-impact classroom strategies and routines, Positive Behavioral Supports and Intervention (PBIS) with restorative practices, inter-disciplinary thematic lessons, and literacy across the curriculum. Students are enrolled in UC a-g courses, the Advancement Via Individual Determination (AVID) program, and Career Technical Education pathways. Students are supported by systems to assess college/career/workforce readiness skills and have opportunities to complete the High School Equivalency Test (GED and HiSET).

The RCOE Community School is located at twelve (12) sites throughout Riverside County and serves students in grades 7-12. The term of a student's stay is dependent upon successfully meeting the terms and conditions of their rehabilitation plan. A Community School placement term is typically for one or two school semesters. RCOE Community School sites feature staff who are dedicated to helping students improve academically, socially, and emotionally. Students are expected to participate and achieve academic success, learn problem solving and coping skills, and develop a network of support. A primary goal is to help students transition back to a comprehensive school site.

The Community School staff members focus on RCOE's Mission, Vision, and Pledge:

#### **Mission**

The mission of RCOE is to ensure the success of all students through extraordinary service, support, and partnerships. Riverside County High School's mission is to inspire students to meet their full potential.

#### **Vision**

RCOE will be a collaborative organization characterized by the highest quality employees providing leadership, programs, and services to school districts, schools and students countywide.

#### **Pledge**

All students in Riverside County will graduate from high school well prepared for college and the workforce.

**All students are provided with instruction to meet the Community School Schoolwide Learner Outcomes (SLOs):**

Become self-directed, life-long learners:

- Who are motivated to meet their maximum potential
- Who persevere and demonstrate the tenacity to overcome obstacles

Become outstanding communicators prepared for the 21st century workforce:

- Who are well prepared to use academic communication, collaborate, and apply real-world solutions to problems
- Who use technology to enhance their learning

Become academically proficient learners:

- Who use academic language and critical thinking skills
- Who graduate from high school well prepared for college and careers

Become responsible and productive citizens:

- Who advocate for themselves and others
- Who demonstrate respect for individual differences and diversity

**About the SARC**

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

**Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2017-18)**

The Riverside County Board of Education certifies that students in Riverside County Office of Education classes have sufficient textbooks and/or instructional materials and that the Board held a public hearing regarding such materials in the time frame and manner prescribed by statute.

At the same Public Hearing, the Riverside County Board of Education approved the adoption of new science development textbooks and instructional materials adopted for the 2017-18 school year:

### School Facility Conditions and Planned Improvements (Most Recent Year)

The RCOE Community School classes are located in regional learning centers and locations throughout the county. The regional learning centers were built in collaboration with RCOE where county building funds were utilized to build a portion of the school to be used by county classes. In areas where county-owned classrooms or sites do not exist, the county rents space. The RCOE takes great efforts to ensure all school sites are clean, safe, functional, and provide an environment conducive to student learning. To assist in this effort, site facility inspections are conducted by RCOE staff on a continuous basis. The LEA uses the facility inspection tool developed by the State of California Office of Public School Construction (OPSC). The results of these inspections are available at the RCOE.

All school sites are maintained and in good condition in order to provide an environment conducive to student learning. Custodial services are provided directly by RCOE staff, through private vendors, or by the district with whom we partner. Repair and maintenance services are completed in a timely manner and service as repair work orders are given the highest priority.

The Community School classrooms operated by the Riverside County Office of Education under this County-District-School (CDS) code are located at eleven (11) sites including regional learning centers operated and maintained by RCOE staff, or at local school districts and/or community learning centers. The facility department inspected all Community School classrooms during the 2016-2017 school year and confirmed that all sites are clean, safe, functional and in good repair.

#### Repairs Needed

All Community School sites are maintained on a regular basis and kept in good repair. Sites are checked regularly by site and maintenance staff to ensure safety regulations are met and that all city, state, and federal regulations are met. Repairs and maintenance are performed regularly by RCOE staff, and emergency repairs are conducted immediately upon notification to appropriate staff.

#### Corrective Actions Taken or Planned

All corrective actions are noted and taken care of within a timely manner.

The following facilities are included in the CDS code assigned to the Riverside County Community School program:

- Arlington Regional Learning Center, Riverside
- Blythe Community School, Blythe
- Betty G. Gibbel Regional Learning Center, San Jacinto
- Corona Community School, Corona
- Desert Safehouse, Thousand Palms, CA
- Hemet Cal-SAFE, Hemet

- David L. Long Regional Learning Center, Murrieta
- Moreno Valley Cal-SAFE (Moreno Valley Regional Learning Center), Moreno Valley
- Palm Springs Community School, Palm Springs
- Safehouse Community School, Riverside
- Val Verde Regional Learning Center, Perris

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

### Opportunities for Parental Involvement (School Year 2017-18)

Parent involvement is critical to the success of students and highly encouraged by RCOE staff. Parents have the opportunity to become involved through the following options:

- Enrollment meetings
- Parent/teacher conferences (formal and informal)
- Individualized Education Program (IEP) process
- School Site Council
- English Learner Advisory Council
- District English Learner Advisory Council
- Parent Activity Nights
- Student Events

Anyone interested in volunteering in any capacity may contact the Alternative Education Program by calling the county office at (951) 826-6465.

**State Priority: School Climate**

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

**School Safety Plan**

The RCOE School Safety Plan is updated annually in March of each school year by RCOE staff. During the 2017-18 school year, the plan was reviewed and updated in January 2017.

The Safety Plan includes information intended to identify elements and resources important in improving school safety and preventing campus violence throughout the county and is categorized into assessment data, funding sources, discipline policies and practices, professional development, counseling and guidance, collaboration, programs and strategies, and campus security. Relevant data is reviewed to identify school safety issues (e.g., California Healthy Kids Survey, school crime data, suspensions and expulsions, counseling referrals, law enforcement reports, etc.).

**Positive Learning Environment & Discipline:**

Counseling, guidance, psychological services, and social services are available to all students. Mental health, probation and law enforcement agencies are actively involved in the activities that contribute to improving the safety of the school environment at RCOE. Prevention/intervention programs are used to create a safe drug-free learning environment. The types of issues addressed through these programs that impact students are:

- Gang Risk Intervention
- Conflict Management
- Classroom Management
- Hate Violence-Motivated Behavior
- Harassment
- Child Abuse Reporting
- Commercial Sexual Exploitation of Children

Existing school discipline rules and procedures are reviewed prior to the beginning of each school year to ensure they address student behavior problems and school safety issues. The rules and procedures are given to all students and parents upon enrollment and explain codes of conduct, unacceptable behavior, and disciplinary consequences. The dress code states that students should be dressed appropriately for normal school activities and that students' attire should reflect pride and respect. Health and safety are guidelines to acceptable school attire.

### Professional Development provided for Teachers

Staff training and development is conducted throughout the school year in the form of after school workshops and training sessions for all site and management staff.

During the 2017-18 school year, all teachers attended the Summer institute of Learning and Knowledge (SILK) and Professional Learning Community (PLC) workshops every Wednesday. Teachers engaged in colleague classroom visits in which ELA/literacy strategies were observed and feedback provided. Teachers are also provided training on implementing project-based learning in the ELA/ELD and history-social science integrated units of study and the math and science integrated units of study, service learning projects and experiential learning activities. In addition, teachers received training on implementation of the Next Generation Science Standards (NGSS). The leadership team is provided ongoing professional development during monthly and quarterly through leadership team meetings.

During the 2016-17 school year, all teachers attended the Summer Institute of Learning and Knowledge (SILK) and Professional Learning Community (PLC) workshops every Wednesday for a total of 34 sessions for the school year. Teachers engaged in colleague classroom visits in which ELA/literacy strategies were observed and feedback provided. Teachers received training from the Administrator II of Alternative Education/Special Education and the Teachers on Assignment (TOAs) provided services all year. Paraprofessionals received training during the PLCs and accessed an online training series through the Master Teacher program. Teachers are provided ongoing support through teacher-principal meetings, coaching and mentoring, peer collaboration, and review student performance data on a regular basis in order to determine effectiveness of services. Teachers are also provided opportunities to attend trainings related to AVID, CTE, project-based learning, and other education related activities in order to increase their skills.

During the 2015-16 school year, staff training and professional development included the following: Summer Institute for Learning and Knowledge (SILK); Common Core; Positive Behavioral Interventions and Supports (PBIS); Crisis Prevention and Intervention; Research Investigate Strategic Experience (RISE) Dropout Prevention/Engagement Strategies to promote high school graduation; Common Core; data analysis; Project Based Learning; Developmental Assets; AERIES Student Information System; AVID; and other trainings and staff development days specifically designed to improve teacher and student performance. In addition, staff participated in Professional Learning Communities (PLCs) on a weekly basis, each Wednesday of the week. Teachers are provided ongoing support through teacher-principal meetings, coaching and mentoring, and review student performance data on a regular basis in order to determine effectiveness of services. Teachers are also provided opportunities to attend trainings related to CTE, project-based learning, and other education related activities in order to increase their skills.

### Career Technical Education Programs

During the 2017-2018 school year, the RCOE Alternative Education Community School implemented CTE pathways and courses. Four CTE pathways were implemented in the Community School. Career pathways include Design, Visual, and Media Arts; Food Service and Hospitality; Hospitality, Tourism, and Recreation; and Product Innovation and Design. The Community School offers over 50 CTE courses for students to choose based on their interests. The RCOE Alternative Education program continues to expand CTE course offerings based on student interest and current job market trends.

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
