School Description

The Riverside County Office of Education (RCOE) Program staff, under the guidance and leadership of the RCOE Executive Director of Special Education and Director of Special Education, is committed to providing the best educational program possible for students with special needs. The staff is dedicated to ensuring that the Special Education Program, in compliance with specific Special Education Program state and federal statutes (IDEA), provides a comprehensive, continuous and community-linked, school-based program for district referred students.

Special education programs provide direct services to students who are mentally and physically challenged for 23 school districts and 3 charter schools within Riverside County. Available for students ranging in age from birth through 22 years, is a continuum of geographically regionalized programs and services. Disabling conditions served encompass the low-incidence disabilities including deaf and hard-of-hearing, visually impaired, and orthopedically disabled; developmentally delayed; emotional disturbance; multiple disabilities; intellectually disabled; and autism.

Mission Statement:

The mission of the RCOE Special Education Program is to assist students in achieving to their maximum potential.

Vision:

RCOE Special Education Unit is dedicated to assisting and supporting students to maximize academic, social/emotional and vocational skills in a safe environment, which encourages students to become responsible, contributing members of their community.

Values:

- Quality educational services for students with special needs.
- An organized instructional delivery model within guidelines of the California Curriculum Standards.
- A highly skilled and trained staff.
- A safe and orderly environment structured for learning.
- Internal/external collaboration with outside agencies, school districts, and parents.

Goals:

- Improve student achievement through the use of assessment data that informs and drives instruction.
- Increase training in research-based methodologies and strategies toward improved student achievement to include RCOE teachers, itinerants, support staff and district/agency partners.
- Develop, implement, and maintain positive behavior support.
- Facilitate collaboration between districts, parents, and agencies to address student needs at school, home, and in the community.
- Provide support to improve staff morale.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

School Facility Conditions and Planned Improvements (Most Recent Year)

RCOE special education classes are located throughout Riverside county on public school sites. Several of these sites were built in collaboration with RCOE where county building funds were utilized to build a portion of the school to be used by county classes. In school sites where county owned classrooms do not exist, the county rents the space per the Riverside County SELPA agreement. All of our schools sites are clean, safe, and functional. Custodial services are provided by the district or directly by RCOE staff. Repairs and maintenance services are completed in a timely manner at all locations.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2017-18 CAASPP Results for All Students						
Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
ELA	5.0	3.0	38.0	43.0	48.0	50.0
Math	1.0	3.0	27.0	29.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the

total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

Science	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2018-19)

Parents have the opportunity to become involved in the following ways:

- Enrollment
- Parent/teacher conferences (formal and informal)
- IEP process
- Volunteers
- Parent Trainings
- Parent Support Groups

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

The RCOE school safety plan has been established and is updated annually for the county as required by California Education Code Section 35294. RCOE adopts its comprehensive school safety plan by March 1st of each school year. RCOE reports on the status of its school safety plan, including a description of its key elements.

The key elements, reviews, and updates are discussed with school faculty at the beginning of each school year and again prior to any new adoptions. The RCOE faculty and students are also included in each school sites individual school safety plan where the classes are located. The school site administrator reviews this plan with the RCOE administrator annually.

Professional Development provided for Teachers

The 2016-2017 school year began with an all staff professional development day. The day had 26 different training topics that were unique to each different position. Some of the topics included, Understanding Behaviors, Goal Writing, Classroom Systems, Differentiated Instruction and many more. Additional trainings that occurred on an ongoing basis throughout the school year included several New Teachers Trainings to assist new teachers who had recently started with RCOE. Also on a monthly basis RCOE offered Behavioral/Social skills trainings. There was also ongoing coaching for teachers within their classrooms. Coaching was on both behavioral and academic areas. Outside consultants and teachers on special assignment provided much of the classroom coaching. Some of the classroom coaching was based on our formative assessments that provided us with student achievement data. Professional development occurred in workshops as well as individual coaching within classrooms. Teachers received ongoing support in both their monthly Professional Learning communities and on their Job Alike Training Days. In addition they received support from their principals and the RCOE Classroom Support Team. Also staff members also attended a variety of conferences and trainings sponsored by outside agencies both in and out of the State.

The 2017-2018 school year began with our annual Kickoff Conference for all staff. This year's theme was TEAM (Together Everyone Achieves More). Included within the conference were two sessions for each employee that was specific to their job and their needs. Some of the trainings included training on a recently adopted curriculum, behavior training and medical trainings as well as many more. There was also a presentation by our teacher of the year on how to develop positive communication. Our keynote for the day spoke on the topic, "How to Deal with Difficult People". Also as part of the conference there was a parent panel that shared about their child. As in past years there was also ongoing training for new teachers as well as specific training on "Job Alike" days based on teacher requests. These occurred 4 time each year. On a monthly bases a group of teachers and administrators came together as, the Professional Development Support Team (PDST). These meetings identified and addressed staff training needs and how to support staff in their professional development. Also as always staff members also attended and presented at conferences and workshops both in and out of State.

The 2018-2019 school year began with a kickoff for all staff. The morning was a review of the new staff handbook presented by the principals and teacher leaders. The afternoon provided staff with strategies to deal with stress in our lives presented by our keynote speaker, Kay Frances. Following this wonderful presentation, staff had the opportunity to celebrate student accomplishments as we highlighted one student from each of our service areas. We continued our monthly PLC (Professional Learning Communities) and job alike meetings for staff. The trainings are lead by teachers and administrators based on data from our formative assessments known as FAST and I-Ready. Staff again attended and presented at trainings and workshops both in and out of the State.

Career Technical Education Programs

Students in the diploma bound programs are provided the opportunity to participate in Career and Technical Education classes as electives that are provided at the school site where the County class is located. For our student in the Certificate program we provide a wide variety of career tech opportunities through Project Workability as well as in the classes they attend on a daily basis. We provide ongoing situational assessment for these students at a variety of job sites throughout the County.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
